The war is a fucking joke, a smokescreen and plays both sides.
I just finished watching "NARCOS" on netflix and subsequently read quite a bit of history in Escobar, along with this and all the observations, stuff I've read ECSPECIALLY a book titled " The Big White Lie" . I am firmly comvinced that nefarious forces within the US took Escobar out because they wanted his slice of the pie. Too much money involved that would be up for grabs, with the added bonus of inflating the prison system, police forces and subjugating the american people to more laws, forfeitures, ect. Of course there is a whole lot more crooked shit going on, it's just....stupendous....the amount of corruption.

The real drug lords are TPTB, always have been. All of those cartels you hear about in Mexico are probably similar to ISIS, Al Nunsra, Al-Qaida etc. Escabar was probably just another asset like Saddam and Bin Laden. Look up Tim Osman (Ossman). Watch the movie Barry And The Boys (no not that Barry, Barry Seal) by Daniel Hopsicker. Also visit Hopsicker's site Madcow news. You'll be amazed.
