There are salvage grocery stores all over the United States! Shopping at these stores is a great way to save money because they sell products that have been rejected by traditional supermarkets. The food is perfectly good and safe to eat, and when you buy it from a salvage store you'll save a lot of money.

In this post, we're going to answer some frequently asked questions about salvage grocery stores and then provide a list of all the salvage grocery stores we've been able to identify in the United States.

FAQs about Salvage Grocery Stores

What is a salvage store?

A salvage store is a grocery store that sells items that traditional grocery stores can't or won't sell. These items may include:

- Damaged items (dented cans, torn exterior packaging)
- Discontinued items
- Food that is near its best buy or expiration date
- Imperfect produce
- Misprinted packaging
- Overstock
- Seasonal items

Sometimes, items salvaged from shipping accidents (such as truck wrecks) may also be included. This is usually because the items are damaged in some way or because the pallets or larger containers are broken, which makes it more inconvenient for larger retailers to store and stock.

Where do salvage grocery stores get their items?

Your local salvage grocery store takes items that the fancier supermarkets don't want. Name brand grocery stores often pass on produce that doesn't look perfect or cans that are dented. These larger retailers also offload items that are out of season, overstocked or otherwise undesirable.

How do salvage stores work?

Salvage grocery stores purchase their merchandise from grocery reclamation centers and then resell those items to the general public.

Grocery reclamation centers like [Reclaim Center](#) purchase their items directly from distributors, wholesalers and manufacturers. The items they buy are overstocked, discontinued, or damaged in some way. They then sell these items to salvage stores, dollar stores, correctional institutions, food banks and others.

Some large grocery stores, such as [Albertsons](#), maintain their own grocery reclamation programs that distribute their damaged goods to local salvage stores.

The salvage store then re-sells these items directly to consumers at a deep discount. While the salvage store buys in bulk, they let shoppers buy smaller quantities with a small markup. They make money and they help you save even more money. Everybody wins!

Are salvage stores safe?

YES! Salvage stores are inspected and regulated just like other grocery stores. However, there are a few best practices that you should follow when you shop at the salvage store.

How do I find a salvage store near me?

That's a great question! It can be hard to find salvage grocery stores because everyone recognizes the big name-brand grocers like Albertsons, Safeway, and Walmart. These stores are often small, independently-owned and local. We've created a list at the end of this article for your convenience.

Tips for Shopping Salvage Grocery Stores

There are a few things you should know before you visit your local salvage grocery.

Know the difference between the dates.

Groceries are labeled with many different types of dates, including best by dates, sell by dates and expiration dates. These dates aren't as straightforward as you might think and it can be really confusing.

At a discount grocer, you'll likely see items that are close to or past at least one of these dates. You need to know what each date means so that you can make more informed buying decisions.

Check the packaging.

The packages at salvage grocers are often dented or damaged. In many cases, it's just the exterior packaging that is damaged and the interior sealed product is fine.

However, you should always closely inspect the packaging to make sure that the item meets your personal safety standards. Make sure the inner packaging is still sealed and watch out for large dents. Salvage grocers aren't supposed to sell leaking items, but beware of anything that is leaking or unsealed as well.

Watch out for recalls.

You shouldn't find any recalled items at your local salvage store but it's always wise to be aware of recent recalls while you shop just in case.

Nationwide Salvage Stores

Although we weren't able to locate any nationwide salvage store chains, we did find a few that operate in multiple states.

Grocery Outlet

Grocery Outlet operates more than 270 stores in six states: California, Idaho, Nevada, Oregon, Pennsylvania and Washington. You can often find name brand groceries at Grocery Outlet for up to 70% off their regular price!

Misfits Market

Misfits Market works with farmers and stores to rescue ugly produce and other items that may otherwise be wasted. The produce sold by Misfits Market may be too big, too small, ugly or just overstocked. This online retailer sends a weekly box. [Sign up with my referral code to get \\$20 off your first order!](#)

Ollie's Bargain Outlet

The website for Ollie's Bargain Outlet hasn't been updated in a while. Their official website only lists locations in Kansas and Texas, but we were able to identify locations in Alabama, Arkansas, Indiana, Maryland, Massachusetts, Michigan, New Jersey, New York, North Carolina, Oklahoma, Pennsylvania, Tennessee, and more. They have a presence in many states.

Price Rite Marketplace

[Price Rite Marketplace](#) explains, "On average, we can save you up to 20-50% versus your regular grocery store."

Although Price Rite sells regular products and private label products, they also sell surplus and salvage groceries through their "special buys." According to their website, "Our buyers are always exploring the marketplace for what we call "special purchases," brands that we can temporarily buy at high volume and at a great price. You will find dozens of them throughout the store, clearly marked as "special" so you will know they are hot and not every day."

Price Rite Marketplace has locations in Connecticut, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania and Rhode Island.

Save-A-Lot

Save A Lot is one of the country's largest discount grocers, with over 900 stores spread across 32 states. They aren't necessarily a salvage store, but they do sell low-cost store-brand items, as well as fresh meats and produce. One of the ways Save-a-Lot helps you save a lot is because they only stock a few limited size and varieties of name brand items.

United Grocery Outlet

United Grocery Outlet is a discount retailer that specializes in selling products that have been overstocked, closed out, limited-time or trial-run versions of products, or products that have recently changed packaging. They have locations in Tennessee, Georgia, North Carolina, Kentucky, Virginia and Alabama.

Salvage Grocery Stores Near Me

Scroll to your state subheading to find a list of salvage grocery stores near you.

Alabama

There are several salvage stores in Alabama.

- Family Discount Foods (2413 Al-202 in Anniston)
- B&B Quick Service LLC (8665 Hwy 23 in Ashville)
- Fourth Avenue Supermarket (528 4th Ave N in Bessemer)
- Darlene's Discount (727 7th St S in Clanton)
- Dodge City Thrift Center (501C Al hwy 69 S in Dodge City)

Nicole Thelin

Nicole leads the Low Income Relief team with over 20 years of professional research and writing experience. Nicole started Low Income Relief after a personal experience with poverty. When her husband was medically discharged from the US Army, their family experienced tremendous financial hardship. Nicole was able to gather help from multiple community agencies and move into a nearby low income housing unit in just two weeks! Since then, Nicole has been dedicated to helping low income families in crisis. She regularly spends hundreds of hours combing through countless resources to make sure that Low Income Relief has the most comprehensive and complete resource directories on the internet today. Prior to starting Low Income Relief, Nicole worked as a novelist, journalist, ghostwriter and content creator. Her work has been featured in various print and online publications, including USA Today, eHow, Livestrong, Legal Beagle, The Daily Herald, The Chronicle and more.
