

Bill Gates III, The anti Christ?

Well, this page is going to be both strange and interesting at the same time. We all use Microsoft products, Windows 95/98 mainly. And these products are manufactured by Microsoft Corp. Bill Gates is Chairman of Microsoft.

Bill Gates' real name is William Henry Gates III. Most today call him "Bill Gates III", where "III" means the order of third (3rd).

The American Standard Code for Information Interchange

"ASCII" is an acronym for American Standard Code for Information Interchange. There is a set of numbers ranging from 0 to 255 which represent the characters used by the computer. All characters you see on your keyboard are represented by a number within the range of 0-255(one byte). An uppercase "a" would be 65, an uppercase "b" would be 66 and so on.

Below is an ASCII code chart for your reference. This chart only shows the first 128 characters(0-127). The characters from 128 to 255 are extended ASCII codes and are not needed for my illustration. In reading the chart below, "Dec" stands for "decimal", and "Char" stands for "character". The corresponding characters appear to the right of the Decimal number and the decimal number is the ASCII code.

ASCII Table - for your reference

The only ASCII codes you need to look at are the numbers for the letters for certain alphabetic characters. And now for some strange stuff. Take all the letters in "Bill Gates III" and convert each letter to the corresponding ASCII code (with the exception of the "III" which are all ones, Roman numerals). Then ADD them all up... you will get 666.

B	I	L	L	G	A	T	E	S	I	I	I
66	73	76	76	71	65	84	69	83	1	1	1

"Coincidence", you say? Here do more, take the letters "WINDOWS 95," and do the same thing as above. The sum again is 666!

W	I	N	D	O	W	S	9	5	
87	73	78	68	79	87	83	57	53	1

Windows 95 was released in August 1995. There must be a hidden reason for this, that would make up for the "1". The only thing I can think of is the "95", $9 + 5 = 14 - 1 = 13$ which is a Masonic number.

M	S	-	D	O	S		6	.	2	1
77	83	45	68	79	83	32	54	46	50	49

Strange? Coincidence? Three times it happened! What are the odds of all these ASCII numbers adding up to 666? three different times!?!?!?!?!

There's more.....

Try this with the OLD Excel 95 (not office 97):

1. Open a new file
2. Scroll down until you see row 95
3. Click on the row 95 button, this highlights the whole row
4. Press tab, to move to the second column
5. Now, move your mouse and click on help THEN about Microsoft excel
6. Press ctrl-alt-shift and click on the tech. support button simultaneously
7. A WINDOW WILL APPEAR, TITLE : THE HALL OF TORTURED SOULS.

This is really eerie okay... it has a doom style format and you can walk all around the hall... and on the sides of the walls are the names of the tortured souls....

8. NOW WALK UP THE STAIRS AND THEN COME BACK DOWN, FACE THE BLANK WALL AND THEN TYPE IN "EXCELKFA." What this does is it will open the blank wall to reveal another secret passage, walk through the passage and BE CAREFUL! do not fall off, when you reach the end, you will see something really really eerie....

Countless witnesses all over the world have verified this point... It's really an eye opener. It could be a joke by Microsoft Programmers, or is it? I wouldn't be surprised if Bill Gates was "The Antichrist". It is foretold in the Bible that someone powerful would rise up and lead the world to destruction.

And Bill Gates definitely has that kind of power in his hands. More than 80% of the world's computers run on Windows and DOS, including those at the Pentagon!, REMEMBER THE PENTAGON????? If all his products have some kind of small program embedded (like this Hall of Tortured Souls) that can give him control, setting off nuclear arsenals, creating havoc in security systems, financial systems all over the world, etc..... All from his headquarters isn't a far off reality! Just using Internet Explorer may just allow him to map out what you have on your computer bit by bit each time you log on.

REVELATION 13:16-18, "And he causeth all, both small and great, rich or poor, free and bond, to receive a

mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six."

REFERENCE; King James Bible

A computer can only do what it is programmed to do. THE HALL OF TORTURED SOULS was deliberately programmed into Microsoft software by Gates himself or somebody else within Microsoft did it. There is no mistaking this. Computers do not make this stuff up on their own!

Certain companies are in no doubt linked to this Satanic Brotherhood. Some companies use Satanic symbology such as Delta Airlines, America Online etc. use the pyramid/triangle. And these companies are controlled by Lucifer. [Proctor & Gamble](#) are also linked to Satanism.
