

I Don't Mind
by
YahZion EL

If I ever found the one; I don't mind.

If she decided that I was the one; I don't mind.

If we became friends or soulmates; I don't mind.

If you ask me go on a date; I don't mind.

I need you right now, you now want me; I don't mind.

I love the way you taste like honey, I think your so sweet; I don't mind.

I'm uplifted hopelessly in love; I don't mind.

I give thanks to you so much and the MOST HIGH above; I don't mind.

I cherish who you are; I don't mind.

I'll kiss your lovely copper hue lips, you are my shining star; I don't mind.

I only want to live for you; I don't mind.

My love is so so so so true; I don't mind.

Now, I want to bond with you and make it so; I don't mind.

There no one better for me and I'm not letting you go; I don't mind.

I think your so so so so fine; I don't mind.

I need someone like you, that so divine; I don't mind.

Let's build a life together, just for two; I don't mind.

I see no one else in my eyes but you; I don't mind.

Really!!! On the real smooth tip; I don't mind.
