If you just want to entertain, you don't need a degree, masters, doctorate or even a book. If they can control your direction and product, they'll discover you and give you cash up front. Just don't look for a back end or balls Yo!

Everybody knows that most of the people standing in line to get the \$250 and up Jordan's, are not basketball players. They think Jordan's are dress shoes.

Assume your phones, emails and texts are tapped.

Violence and killing are glorified in the system of White Supremacy.

“spark” twenty or more babies.  
Must be love!

**Black people posing naked for Sports and Entertainment Magazines is not art. It's White people way of saying that Black people are up for sale again.**

**Beware the Negro news- The Negro thinks everything and everybody is “NEGATIVE” that doesn't go along with the way that White people view things and view the world. The Negro and Negress are filled with gaiety and love Black buffoonery!**

**Believe it or not, most of the people claiming homosexuality in the U.S. also claim Christianity as their religion.**

**GMO marijuana has been here! What'd you think, there were 50 million types of marijuana and none of it was genetically modified? Your head might not ever be right. You could be a hybrid too!**

**The Southern Poverty Law Center has identified an explosive growth, as much as 800%, in the number of White supremacist and Patriot groups since 2008 and the introduction of Barrack Obama into the Presidency of the United States. Doesn't sound like a Racial Utopia to any of us.**

**Another Black woman was burglarized by a Facebook Friend after posting that she had left on vacation. It seems that she had posted pictures of her children, her address, her cell phone number and constantly kept giving out status updates of her whereabouts. Do we have to tell anybody that some people, in this case a woman, ain't got the sense that they were born with? The police called her while she was still away on vacation. Her “FRIEND” and 2 other dudes were caught!**

**Some people think that education should be free. The same people think that teachers should work for free. We are not sure, but that sounds kind of messed up.**

**No such thing as a mixed neighborhood, It's either going from White to Black or Black to White.**

**If Black people were really inferior as far as intelligence, there would be no need to hold them down.**

**Is there such a thing as an African-American community? A real community shouldn't have problems educating their children to uplift their own community. Ain't that how it's supposed to work?**

**White people do ritual everyday to get the world to worship White men and White women. They place a heavy and concentrated emphasis on converting Black women to their folds!**

**Drugs don't cure anything.**

**If you wanna be broke, help yourself! Just remember, Black people invented economics.**

**Prostitutes, sex workers or escorts will lay down with anybody. You a big dummy if you think they are “straight”. They all about the money honey. They will stoke a stupid male or female's ego to get what they want. About as straight as a junkie that needs his or her fix! BaaaHaaaaa!**

**Don't you wish all cops were honest? We suppose people think the same thing about politicians. Then again, who do they work for?**

**Has anybody else noticed that every time Bill Cosby got “something new” coming out on the market, he proceeds to stick a foot up all Black people's asses! He uses the NAACP as a launching place!**

## The Nubian Times

**Prostitution is alive and well on Dating Sites, Twitter, Face Book and thousands of Personal Ads on the Internet. How much are you willing to pay for a date with a stranger who has a bullshyt profile on you? Even so, curb crawlers are still around with some hot drug tips as well. The world economy is still shaky Shawty!**

**Modern “humans” now think that the Duke butt is a sex organ. Is this civilization or what?**

**If you think that racism is nothing but name calling, you don't have the sense you were born with. Sophisticated racist know how to institutional engineer their racism. They know how to skillfully make Black people, with no power worth mentioning, think they are racist.**

**Praising the Lord and under-cover acting a fool, means you are addicted to some kind of bullshyt! It's just that a few people ain't peeped ya game yet!**

### **NEVER GET HIGH, ON YOUR OWN SUPPLY!**

with a smug attitude about how far they have come. It may not be time to get rid of the "N" word yet.

It's a plantation if you don't own it.

If you get twisted, you abusing whatever it is you are doing. Don't start no shyt, won't be no shyt!

Orange ain't the New Black and neither is Gay. If you are gullible; slick, crude, greasy ass holes are always coming up with some dumb shyt to throw your concentration off.

Negro people are giving Europeans every opportunity to disband their nuclear weapons. "If they ain't gonna use the shyt on us, they should take the shyt apart before we love them to death", is a rallying cry heard all over African-America, wherever that is.

Over 98% of Black men that are with somebody are with Black women. The ones that ain't with Black women ain't with nobody.

Wigga news- (METH)

Methamphetamine is the most abused hard drug on the planet. Only 6% of METH users can kick the habit. Watch out for them Wiggas on Meth! They wanna play like the Superman or Wonder Woman!

Verbal racism is alive and well at some high school sporting events. I guess no one has taught students attending not to be colorblind and competitive in all facets of life. Some say, if you want to succeed, you have to grin and bear it for another 25, 30 years or until you die.

Over the past 5 years there has been a rash of armed robberies of pharmacies for pain pills. The U.S. has a lot of junkies looking for that Oxycodone / Hydricodine. Some White people have fallen so low that they use some of these rogue doctors out here, to write them some bullshyt pain killer

prescriptions. Black people only use bullshyt doctors to get a couple days off work or to get some bullshyt whip lash money! Lol!

If you ain't educated, how you know what education is? Oftentimes, somebody training you to do their bidding is not education.

Caucasians have no concern about what happened to Black people 500 years ago, 100 years ago, 25 years ago, 10 years ago, 16 minutes ago or 5 seconds ago. Caucasians have no concern about the future of Black people.

Most marijuana growers have moved indoors to avoid police and to increase the potency of their product. They don't care whether it's legal or illegal, their products are best sellers. Government can't compete with them; only help them market their products.

Rumor has it that White people have to smear butter, chicken fat and motor oil on their skin before they sun bathe at the beach.

White teenagers are experimenting with "synthetics" sold in gas stations labeled "not for human consumption". They are swallowing or snorting it anyway, for recreational use. They can't always get what they want out of their Mother's medicine cabinet. They graduate to narcotics when they make or steal more dollars.

Never let your enemies decide who your friends are and who your enemies are.

In the mad rush for more dough, drug companies are simply creating isomers or chemical cousins of profitable drugs, so that they can create a new market, often with negligible or little true health benefits.

Getting drugs from a doctor, doesn't mean that they are cleaner than getting drugs off the street. We've all seen some of the off the

## The Nubian Times

hook commercials about prescription drugs and their side effects.

Moor Wigga news- Latest lawyer reports claim that erectile dysfunctional drugs such as Viagra, Cialis and Levitra are helping to give White men a deadly form of skin cancer called Melanoma!

Moor Black GrapeVine news- At this printing, not many Black folks, street soldiers or whatever, have declared war on White folks or started any type of revolution. We haven't a clue if men and women are playing it safe or afraid, but we are still attacking each other any which way we can. We keep investing in video equipment and making videos...trying to keep it real we suppose!

What's it like to have killed people for White people and then return to your family, loved ones and a job like nothing ever happened? Will someone ever want to kill you like nothing ever happened?

Black people frustrate themselves thinking that White people are going to act like something other than themselves! They do what they do. That's their nature. We are the ones that are out of our nature, out of our Afrikan mind. This ain't no post-racial paradise!

White male shooters and mass murderers' increases weekly! They are back at their old ways again. Their mothers still look for a return on their investment.

Marijuana is a psycho-active plant! It is possible ti mix it with gay

juice, soy or embalming fluid. If all you want to do is get blasted or twisted, how you gonna know?

**H**omosexuals need slaves or indentured servants to continue their ways beyond one generation. Bi-sexuals, all they need is a warm body! Ain't no difference to them!

**F**or all the U.S. soldiers stationed in Iraq & Afghanistan, what is the U.S. doing to provide them with alcohol, drugs or sex? The U.S. fighting machine can't live by low pay along.

**A**lcohol and cigarettes are just as bad as "drugs", if not worse. Its effect on Black and Indigenous people has been devastating. Legal and illegal drugs will hit Black and Indigenous people harder than other groups. Drugs bond with our carbon a.k.a. Melanin.

**B**lack people don't need anything that is going to alter their minds. The Trans Continental Slave Trade already did that.

**T**he gun proliferation goes right along with the drug proliferation. The guns are for anybody trying to stop business, except for the police. Dealers see police...they jump out windows, jump fences, dash down alleys, break neck and run.

**Y**ou might be addicted to money with big, ugly, White faces, unless you've acquired enough to go plastic!

**H**ow do Black people support any media, be it film or paper, which does not uplift them?

**I**n this European Age of Pedophilia, there is a growing rise of white, adult females molesting little girls and their own children. Much attention has been given publicly to white male kind with homosexual, pedophilia or pederasty and Catholic priests, but look out for the white females. Their real behaviors are on the rise Boo! Sooner or later they will try to

decriminalize these behaviors. They want to make the shit legal. You asked for integration and liberation, now you got it!

**M**oor Black GrapeVine news- Be on the lookout for White people on (METH) Methamphetamine. Meth goes by the names Crank, Crystal, Glass and Ice! White people inject it, snort it and smoke it. Meth is the stimulant of choice for most White people who do drugs. It can be produced on an Industrial level and now Hill Billies have come up with the ONE POT Method. It's another one of those drugs like marijuana that can make losers think they are winners.

**B**lack scientists have found that few Black people have the power to turn water into wine. Most all of us have to find our way to the liquor store.

**K**etamine or Special K is a psycho active drug that cuts off communication between the body and the mind.

**A** few studies have found that many White folks have recovered from the Housing Crisis, while not as many Blacks and Latinos have. Far more Blacks and Latinos are still "upside down" or "under water".

**M**oor Wigga news- 10 to 15,000 babies a year in the U.S. are born addicted to pain killers.

**B**ack in the day, social workers made sure there were no men in the house or helping the family and women out. That still continues, but they don't mind another woman in the house, acting like a man. The children know the difference. Some females call it being slick and working the system.

**D**rugs are one of the major reasons why so many people are able to accept a foreign, artificial reality

## The Nubian Times

### GODDAMN THE CORPORATE PUSHER MAN AND PUSHER WOMAN!

**P**eople have been using Pay Pal and Bit Coin to pay for drugs and whatever all across the planet.

**T**he only thing that Europeans fear more than terrorist attacks is genetic annihilation by Black people.

**N**ARCAN reverses the toxic effect of heroin.

**I**f a slaver sold just one of his female slave children to a brothel of forced prostitution, he made \$2,500 or 20 years pay. This made the mass raping and selling of kidnapped Afrikan women fun and lucrative. Though few Southerners owned slaves, they approved of this behavior so they all could "get their Freak On" with Black women.

**C**orporations have made it possible for a Black person to head a European church, temple or synagogue as long as the White supremacy reigns supreme.

## 5

Europeans have cornered the market on synthetic drugs that mimic the effects of marijuana. Any knucklehead can just about get the same high with a prescription or Black market pill.

When the Black economy is bad, more and more Blacks are realizing that they can't pretend to be like the imaginary, elusive White middle class. They can be like Hill-Billies and rednecks, but that ain't what they want to aspire to. When Blacks call other Black people "wanna bees", they usually talking about the middle class Whites.

**80%** of prostitutes sell sex to fund drug usage.

White people are now finding their way to Historically Black Colleges by the droves. They get civil rights, affirmative action and as a minority get paid at the same time. Go figure!

Some scientists have predicted that there are 60 million Methamphetamine users worldwide, with most of them being Caucasian.

Black scientists are still studying the Negro. They are trying to diffuse the time bombs that go off in the Negroes head every time a Black person returns to their Afrikan mind or a Black person tries not to depend on White folks for shit.

Moor Wigga news- White youth, as a part of White privilege, are more likely to receive counseling, therapy, medication, and parent/teacher intervention rather than suspension, expulsion or jail time when they commit violent crimes at school or out in the streets. White youth, male and female, have more options than Black or Brown youth.

Urban gardeners or growers can easily set up shop to grow Canibus in vacant houses or low cost housing. Meth chemical mixers do about the same thing in low cost housing or trailers, but they run the risk of chemical explosions.

Everybody can't forget about race. White people never do, even when they take other people's money, they know how to make it work for them.

**Marijuana** is California's largest cash crop.

**Moor Wigga news-** White people tend to see mixed race people as Black. Mixed race people tend to see themselves as closer to White, when in the presence of Black people, but not in the presence of White people. Go figure!

**White supremacist** that deal drugs, quickly say it ain't about race, but money. Oh, really? Some of us just ain't that dumb.

**Gambling** can be an addiction. Especially if you can't pay ya bills and keep food on the table. You've done gone overboard! You's a Joker and a Black Jack Boo Boo!

**Seeing White girls** blacked out or passed out from alcohol and drugs is normal now days, anywhere in the world. Beware lying ass, drunk, highed- up and junkie White girls. Heavy emphasis on lying asses!

**The use of pain killers** for recreational use is illegal. Stop going thru your depressed Mother's medicine cabinet White kids!

If you got some other place or some other people who you think love or treat you better...let the doorknob hit you, where the Good Lord split you! You’re free to negotiate, beg, buck dance, get lost, quack like a duck, get high. buffoon, shimmy, change your name, shake it fast, sign treaties, stay on your knees and wear any fancy clothes or hats that you like. Just don’t be frontin’ when they have you sleepin’ in the servant’s quarters!

“It is a call for Black people in this country to unite, to recognize their heritage, to build a sense of community. It is a call for Black people to define their goals, to lead their own organizations.”

**HOMOSEXUALITY**

The Gospel According To

Sobonfu E. Somé

“The words “gay” and “lesbian” do not exist in the village.”

**GAY**

The Gospel According To

Malidoma Somé

“The whole notion of “gay” does not exist in the indigenous world.”

**WHITE WOMEN & BLACK BABIES**

The Gospel According To

High Priestess Chielo Shiloah  
Israel

“A White woman cannot have a Black baby. The White woman can never give birth to anything Black. Her eggs will only produce what she is. She may get an Asian to stimulate her creativity, but she will have a White baby with Asian features. She can even have a White baby with Afrikan features. The genetics are passed on from both the male and the female, but is that baby Black? You may say it’s Black, but the Universe says’ “No, that ain’t one of us”.

**UNNATURAL HEADS**

The Gospel According To

Dr. Na’im Akbar

“Any slave who began to emerge as a natural head, that is, one oriented toward survival of the whole body, was identified early and was either gotten rid of, isolated, killed or ridiculed.

**The Nubian Times**

Unnatural heads were attached to the slave communities. They furthered the cause of the master and frustrated the cause of the slave. They are projected by the “master’s” media & press”.

**THE BLACK FAMILY**

The Gospel According To

Dr. Maulana Karenga

“One of the reasons the Black family is in trouble is because it’s using the White family as a model.”

**GAY RIGHTS MOVEMENT**

The Gospel According To

Marcus Tak Lumumba Charles

“Trade sanctions are already being imposed on countries based on their stance on this topic. The next step is military action! The gay rights movement was designed to usurp the rights won by legitimately oppressed people. If you light a cigarette in a room of non-smokers and they get mad that doesn’t mean they are prejudice. People generally don’t like other peoples behaviors imposed on them, whether it’s religious, political or sexual. In the history of liberation struggles there are those who seek reform in the system and those who want their own system and actively seek to dismantle the status quo. The gay movement only has the latter, as they can only exist as an appendage to Western capitalist societies. Every country on the fore front of gay rights was formally on the fore front of imperialism, they go hand in hand.”

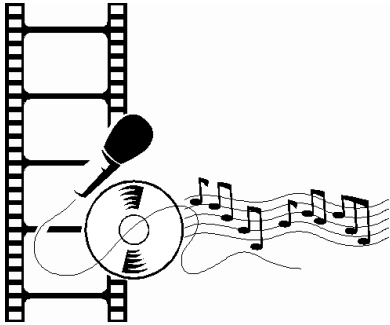

**TURN MEN INTO WOMEN**

The Gospel According To

Dr. Frances Cress Welsing

“The system of Racism wants to turn Black men into

women...because then they will not have an opponent and not have to fear genetic annihilation, because the man has become a WOMAN!"

## BOULE

The Gospel According To

Steve Cokely

“**B**oule means advisors to the king. They are a secret society of Black men (Sigma Pi Phi), that protect rich White people. Their logo is the Grecian sphinx, a white female with the body of a lion. They are the most powerful Black organization in the history of Africans in the United States. Starting and chartered in Philly in 1904, the Boule are Oath Takers. This fraternal (post-graduate) order of Black men take oaths that prohibit them from helping other Afrikan people. The key to the oath is obedience. Righteous is not their dominant issue. They are guaranteed prosperity and prestige if they just never tell “what’s up”.

At some point we as African people may be in conflict with the Boule. They may be forced to defend something that we are trying to tear down. If we expose and make known the Whites that they protect, the Boule will be compelled to destroy themselves, for what they protect has now become known and they become useless.”

## EUROPEAN RATS

(*Rattus norvegicus*)

Research by Mack the Knife

European rats, sometimes called Norway rats, are more dangerous

than lions and tigers. European rats are known to be reservoirs of bubonic plague. Endemic typhus fever, ratbite fever and a few other dreaded diseases, European diseases.

“Rat” comes from the **Old English** word “raet,” for the animal. Some of the common names are brown rat, common rat, sewer rat, water rat, Norway rat, gutter rat, wharf rat and dirty rat. All are one and the same. Most of the rats in Americas are European rats, with the exception of roof rats. Roof rats do not cross with Norway rats.

Norway (European) rats, roof rats, and house mice are the rodents most commonly found living in close association with European people and their followers in the United States & Canada. This species or mammal includes the familiar white laboratory rats. They are called commensal rodents, referring to the fact that they live at man's expense without giving anything in return.

European rats or Norway rats are true omnivores. Norway rats eat a huge variety of foods including everything from soap to candy, milk, meat, vegetables, poultry, eggs and all grains, nuts and fruits. These rats will readily eat dead animals and will eat human food that is uneaten or spoiled. Some farmers have reported European rats killing and eating their chickens.

The Norway rat is a colonial animal, living in a commune with many other rats. The largest, dominant males will maintain harems and territories, and will drive off any intruders. Should the population exceed the carrying capacity of the habitat, the weaker individuals are forced out, starved or killed.

Although more at home on the ground, these rats are adept at climbing and have been observed

traveling along telephone wires from one building to another. In places they become exceedingly numerous and destructive.

If you live in the United States beware of European rats. The place is being overrun with them. From the suburbs to the urban areas, the European rats are getting out of control and poisons are not quite as effective as they use to be. If a European rat ever bites you, call the police, go to the hospital and pray, because those dirty, European rats don't play.

Black people were the first to try cloning. They did not have too much success. All of the clones were born mutant albinos and later exiled to the caves of Eurasia. That was over ten thousand years ago and most Black people are still paying for those mistakes. The donors or parents of those clones have been misnomered Adam & Eve in recent times. Black people created the planets first psychotic, xenophobic albinos. Groups of these clones developed. They were kind of like a hu-man and so consequently, they were named man-kind.
