**The Nubian  
Network hates  
no one. We just  
don't hold any  
white people in  
reverence!  
CRACK HEAD  
NEWS**

**THE UNCONSCIOUS  
COMMUNITY- PT.2**

**EDITION**

At least Black people have a lot of places where their own people will accept them with no problem. What other people can say the same?

Human trafficking and the sex trade have become more popular,

because a drug can be used, but one time. A person can be used over

**WE ARE BACK  
FROM  
VACATION YO!**

and over again.

If a person is not conscious but unconscious, than what state of mind are they in? Could it be that they just do things to do then without thought. Perhaps they do whatever their leaders program them to do whenever they want then to do whatever!

When you choose acting as a profession, you don't always get to choose what parts you play. It all depends on who pays the bills Shawty. Better act like you know! Same thing with politic! Who pays the bills?

At the behest of President Trump,  
Treasury Secretary Steven

Mnuchin has scuttled the plan approved in the Obama administration to honor American heroine Harriet Tubman by putting her image on the \$20 bill.

**Black GrapeVine news-** The most powerful and devastating recently marketed products to African-Americans were not Jordan's, Timberland's, Gucci, Fendi, or even Victoria Secret under garments. The champ was **READY ROCK**. The jury is still out on whether it was as devastating as White Jesus for the long term.

**How many Africans or Black people do you see in Europe killing animals as trophies?**

Nike recalled some American flag shoes after a complaint by Colin Kaepernick, which got Black Conservations all bent out of shape. Whatever!

**You been watching news-** Black scientist and economist are alerting you that more than 3,500 stores are expected to close over the next several months. Stay conscious!

The United States had no business enslaving Black Africans and limiting their opportunities for 400+ years. The United States should pay them Reparations. Anyone who doesn't like it, should be given a one-way ticket back to wherever they came from. Don't be offended, just pay up!

**Your face just might be stored in someone's or some company's data base.** Experts say that there will be no place that a person will be able

to hide. So much for privacy right Shawty!. Facial recognition is now giving people social credit scores. Imagine going someplace to buy furniture and some ass hole tells you that you have a **low social credit score**.

**Keep your eyes and ears open for Reparation Blockers of the Negro kind. They have as much hatred for Black people as racist White people do. They are not our worst enemy, because most of them are negative, broke, un-conscious and sleepy, still trying to secretly get their cheddar off un-suspecting dopes. .**

Cyber attacks are not only stealing people's identities; they are now stealing people's images and facial recognition identities.

Drugs not only corrupt police, but they also corrupt doctors and nurses too.

Cannabis has been a medicine for well over 3,000 years. Marijuana was only criminalized because of racism and xenophobia.

Black hair has always been a coding system.

**Moor Black Grapevine news-** Young and old Black people need to compare notes. Ain't no way they both should be experiencing the same dis-eases, unless our enemies got something "environmental" going on.

If you consider yourself conscious, you must respect the living as well as the dead. It's the unconscious that build houses for the dead and dying!

The Census Bureau says 3.6 million people in the US use a wheelchair.

### **HERU - PERU**

China had poured more concrete in just 3 years, than the U.S. did in all the 20th century.

Not everything in the Universe is friendly.

The German's started their first African colony in Namibia and murdered at least 100,000 Africans. Some claim it was a testing ground for Hitler's concentration camps

Somebody needs to tell President Trump to go back where he came from...that is if they would accept him back..

Symbolization is one of the stages of genocide, where people are forced to identify themselves.

What's Up with all these Black folks that want somebody to kiss their ass, make them happy, solve their problems for them, heal their aches and pains and give them what they think they are worth? They better go find Jesus and hope shyt happens for them in the next lifetime. lol

Keep an eye on the Arabs that are enjoying CAMEL RACING as a wagering event. Hear tell that slave children are being used as jockeys.

We live in an era of the DAM FOOL! Prove other wise!

White people want financial compensation for the special moments they have lost in life, but don't want Black people to have shyt for the centuries of special moments that we have lost. That's mighty white of them.

Archaeologist, using LYDAR TECHNOLOGY, have recently found pyramids in Antarctica, the coldest and Southern most continent in the world. This region is believed to have been uninhabited for 12 million years.

Unconscious white people have yet to figure out the differing combinations and variants of sound and light technology.

Many scholars believe that there are more pyramids in the Americas

## The Nubian Times

than Africa. There are at least 5,000 pyramids in what is sometimes called Latin America.

### **ABORTION IS A FORM OF HUMAN SACRIFICE**

Colleges should volunteer to help with the Reparations movements. They've gained a lot of money and facilities from their investments in Black athletes representing them for little to nothing guaranteed, except a huge windfall of cash for their institutions and prolonged racism.

In the U.S., in 2015, White men had higher median hourly earnings than all except Asian men. White women had higher hourly earning than all woman except Asian women.

Shawty and Yo got law degrees from Judge Judy! lol

Denial is one of the stages of genocide where the government denies it has committed any crime.

**Moor Black GrapeVine news-** Bill Clinton was affectionately called the First Black President, because he played the saxophone and smoked weed. It may not be time to get rid of the "N" word just yet!

**Moor Wigga news-** The 70 million dollars worth of heroin confiscated by the police force by the French Connection, just disappeared from police custody. lol

When conscious Black people find themselves in a state of unrest, anywhere on the planet, they will move if at all possible.

It's kind of creepy when all a Negro wants to do is entertain all the dam time.

Black health experts suggest that Black people should drink 8 glasses of water per day. Not Kool Aid, Sweet Tea, Gatorade, Soda, Soft Drinks or PowerAde, but **WATER!**

The more we become ourselves, the more we petrify our enemy.

Most people don't know that Tokyo was bombed before Hiroshima and Nagasaki.

Are American soldiers fighting abroad, becoming addicted to opiates? Thank you for your service!

Some of the people calling themselves revolutionaries, militants and conscious are full of shyt! Don't get it twisted Yo!

Pure cocaine dissolves in water.

The WNBA has no policies in place for domestic violence or any influx of trans-gender women.

Moor Wigga news- Any scientist that doesn't believe that Black people populated the Earth long before Caucasians came out the ir caves is a Wigger!

North Korea often uses "ghost ships" to get around U.N. sanctions.

Men usually don't like women challenging them. Who does?

The Aztecs left records that proclaim they had no idea who built their cities.

The reasons you sleep with somebody are not the same reasons you stay with them for more than a day or a lifetime. Nor are they the same reasons that make you run for your life!

### BLACKOLOGY

Don't let your business be declared a "hobby" by the IRS, due to you not keeping good records. Keep records from the start! Do what works for you and yours! As far as double and triple booking...that's on you!

The best thing to happen for the Mexican Cartels was Bill Clinton's NAAFTA agreement. History is slowly catching up with your First Black President Yo!

Black GrapeVine news- Facial recognition technology is prone to errors, and when it comes to racial bias at airports, there's a good chance it's not learning from its mistakes. Facial recognition technologies are more likely to misidentify people of color and women. It seems like DNA technology and DNA bad guesses ain't the only thing half ass!

Many a white person in Canada unwittingly call Black people in Canada...African Americans!

The Treaty of Guadalupe- Hildalgo in 1848, was fashioned after the U.S. defeated the current Mexican republic, regime in the Mexican American War. Mexico conceded these territories to the U.S.: California, Nevada, Utah, most of Arizona, about half of New Mexico, about a quarter of Colorado, and a small section of Wyoming. A total of 525,000 square miles. The Republic

of Texas, had won de facto independence from Mexico in the Texas Revolution (1835-36)

### THE UN-CONSCIOUS COMMUNITY! LOL

Black people in the U.S. won't practice group economics. Yeah, we talking about you Shawty!

Knowledge and wisdom can be abused.

What is a pacifist? You sure you not one Shawty?

Polarization is one of the stages of genocide where the government broadcasts propaganda to turn the populace against the group.

90% of the Black people that were lynched were business owners. White people lynched the ones who could read, write, compute, had businesses, seemed intelligent and whomever they thought was a threat to the white establishment.

### ABORTION IS A BLOODY RITUAL PRACTICE.

Even before Christianity, most of your ancient cultures had a collective fear of the sky.

The War on Drugs and the War on Terror have collided. The U.S. is losing both wars Homey!

Our time with Caucasians has never bear fruit.

# 4

Caucasians don't call themselves grave robbers and looters as they rob graves of artifacts and treasures. What if that shoe were on the other foot. What if Black and Brown people started digging up their white ancestors resting places for cheddar and jewels.

Every reference to the "HUMAN SPIRIT" was removed from the Holy books most Black people now follow and have interpreted for them.

Moor Wigga news- There will be a lot of white people suffering with bipolar depression if Black people get Reparations.

Republicans and Democrats are now accepting applications from the Black UN-conscious community. Why ain't nobody talking about that? We can only guess that somebody died for you to be accepted into that twisted mess! lol

In 1829, the Guerrero decree conditionally abolished slavery throughout Mexican territories. It was a decision that increased tensions with slaveholders among the Anglo-Americans. After the Texas Revolution ended in 1836, the Constitution of the Republic of Texas made slavery legal.

Extermination is one of the stages of genocide with wholesale elimination of a group. It is extermination and not murder, because the people are not considered human.

Nothing new is being created in Western society without Black people. White people cannot survive without Black people.

With the color caste system (Varna) in India, the majority of the jobs leaving the United States and going to India are given to the Brahman upper class patrons to disseminate to those lower than them.

Thirty days later, the children would be auctioned off on the courthouse steps 'cash on delivery'. The proceeds were used to fund schools for White children...many of the Black children were purchased by prison officials".

## THE GOSPEL ACCORDING TO AFRIKANS

### (OUR STORY)

Every utterance that you read here will not be popular, but we should always be grateful to the people that align themselves with the lives of other Afrikans. They don't have to, but for the love of their people they do. They make conscious

decisions to continue the work of the ancestors.

### **YES, ALL WHITE PEOPLE ARE RACIST**

The Gospel According To

Art Blair

"**Y**es, all white people are racist.

"When you say 'all white people' Whites and indoctrinated Blacks rush to claim that is unfair because they are 'individuals;' but this sense of individualism in and of itself is a privilege. Individualism is a facet of privilege.

Folks get MAD when you say #AllWhitePeople, because we've been trained to look at white people as 'individuals' even though they are conditioned to look at us as a group. White people are raised to believe they are unique, special snowflakes- individuals capable of achieving whatever they set their minds to- while Black / Asian people are raised to believe we are part of a monolithic group; one that at any minute can be seen as a threat so we must act accordingly so as to make everyone around us "comfortable".

We do not have the privilege of individualism. So spare me your whining about "not all white people".

Yes, all white people. All white people are products of a racist, white supremacist system, and therefore are indoctrinated with racist, white supremacist teachings. Can racism be unlearned? I think, yes. \*But most white people DON'T unlearn it, because they can't even admit they have a problem. \* You can't opt out of the system. You can't opt out of your privilege. You can't opt out of its

They cut it off and fixed their own. He gave them breast. They repackaged it to what they want. God still gave them buttocks. They arrange it to the size they want. If

even God can't satisfy them, then who are you to think that you can please them? My brother, don't kill yourself!"

### HOW IMAGES WORK

The Gospel According To  
Dr. Anthony Browder

“We need to realize racism is an unavoidable fact of life in America. We need to understand how racist images attack us constantly 24 hours a day. We need to understand that whoever is responsible for creating images will ultimately determine your level of consciousness. How you feel about yourself is determined by how you see yourself. "Men who fear commitment, were once boys who feared separation. Every man alive was birthed by a woman.

### WORST ENEMY

Anonymous submission

"As far as i know we have not made one LAW that would put us back into equilibrium or balance.

Nothing here is designed especially for us. We are an afterthought. Once we made laws that helped put us back in balance and stop foolishness in it's tracks. Things never were perfect, but we always devised ways and our own LAWS to help and protect ourselves. Now somebody just makes laws tht contain us in a state of un-balance, attacking each other, never knowing the many ways our enemies attack us. Then some charming Negro come up with...we are our own worst enemy. Worse enemy should be a label for whoever put us in this CAGE, keeps the doors locked and has a uniformed gang on constant patrol."

The Gospel According To

Nelson Mandela

"Fools multiple when wise men are silent."

### CRUSADES - NEW & OLD

The Gospel According To

Mumia Abu-Jamal

"The Europeans saw the Crusades as a noble assignment from the Popes to 'liberate' Jerusalem from the hands of the "infidels", the Muslim Arabs and Moors. The Arabs saw the era as one of unrelenting bloodshed and cruelty at the hands of the Christians, and saw the dark days of European colonialism as an echo of that earlier period."

### POWER

The Gospel According To

Dr. Wade Nobles

"The definition of power is a psychological question. It is not a military question. It is not a economic question. It's not a social

## The Nubian Times

question. It is a psychological question. Power is the ability to define reality and to have other people respond to your definition as if it were their own. Our dilemma, our problem is that we allow other people to define the meaning of who we are. And once we accepted their definition we gave them power.

"The most important reality to define is the meaning of one's human being-ness. That's nobody's conversation but ours. We can't even allow them to enter in the possibility of engaging in conjecture. They can't even wonder about what it means to be Afrikan people unless you're Afrikan. That's nobody's business but ours."
