HOME AGAIN

10 out of 10 stars

Tatyana Ali, Lyriq Brent, Everton
St. Clair

This was an excellent movie, that flowed well and gave viewers a reasonable view of how Black folks that are born in Jamaica, can be easily deported back to their birth place, even if they have lived in the United States, England or Canada most of their lives. The idea of this blew my mind, but the picture flowed in such a way that I felt the characters' culture shock and displacement from the reality they had come to know. There wasn't much that was stupid with the movie, so if you are looking for Black folks in a stupid light, miss this one. But, if you want to see a good movie, with reasonable parts, characters and action, check this one out. It kept me interested the whole time. Jamaican life

was funky in some ways and good in others.

20 FEET FROM STARDOM

10 out of 10 stars

Darlene Love, Merry Clayton, Lisa
Fischer, Judith Hill, Claudia
Lennear

A nice behind the scenes documentary about background singers and how they influence the music industry and help make hits. They live and perform in a world that is just behind the spotlight. Once you hear

some of the songs they put their mark on, you'll realize that some of these songs wouldn't have been major hits without their major contributions. This is a high energy picture. Get your popcorn and roll as the sisters do their craft!

THE INEVITABLE DEFEAT OF MISTER AND PETE

10 out of 10 stars

Jennifer Hudson, Jordan Sparks,
Anthony Mackie, Skylan Brooks,
Ethan Dizon

This is an excellent drama about two young boys that have to make their way, without the comforts of their mothers for a long, hot summer. They shack up in an apartment, with the authorities looking for them as well. It was hard watching Jennifer Hudson play a skank, junkie, but now I'm use to it. I've seen several movies where she plays the down and out sister. The young men were amazing in this movie, the way they played off each other and

2

respond to the streets. It wasn't a major movie, but how often you see Black folks in a good drama. Get some popcorn, a couple beers and chill. You ain't gonna fall asleep. There are some good movies that Black folks be in.

MYSTERY ROAD

9 out of 10 stars

Aaron Pederson, Tasma Walton,
Tricia Whitton

Takes place in Australia, where an indigenous police detective investigates the disappearance and murder of a young girl in a small town in the Outback. There are lots of interesting scenes in this thriller and Black people get a glimpse at how life in Australia parallels their lives. Enjoy this if you want to be well rounded and adventurous! This movie is not meant for people that lack an analytical mind. Enjoy!

TULA the REVOLT

9.5 stars out of 10

Danny Glover, Jeroen Krabbe,
Deobia Oparei

This movie is about the leader of a big slave uprising on the island of Curacao, a Dutch colony in 1795. It tells the true story of a compassionate Black man who dared to stand up against his oppressors, reluctantly leading his people in a peaceful march for freedom, equality and brotherhood. We

all know how things can go wrong in revolts and slave movies and sure enough things fall apart. You are gonna have to check it out for yourself, but this movie has the potential to be a classic. Most of the actors and actresses have a lot of character and you get insights into their hopes, fears, love and longing for something better. So much so many of them are willing to die. They just needed some type of leadership. I was pleasantly surprised, but I felt I couldn't go too wrong if Danny Glover was in the movie. See for yourself!

LIFE OF A KING

9 out of 10 stars

Cuba Gooding Jr, Dennis Haysbert,
Lisa Gay

This is the first drama that I saw Cuba Gooding Jr. in that I liked. Around all those Black characters he really got a chance to act. The movie is about chess, playing to win, with strategy and thinking ahead. Cuba Gooding, in this real life story plays Eugene Brown, a brother from D.C. on a one man mission to save as many children as he can. Brown is recovering from a 18 year bit for robbery. This is an interesting story with street credibility that turns to heartwarming sincerity. The brother got a chance to do something wonderful with his life. It's inspirational. Enjoy!

BLUE CAPRICE

8 out of 10 stars

Isaiah Washington, Tequan
Richmond

This is a psychological thriller and reenactment of the 2002 Beltway Sniper Attacks. It takes on the views of the two killers as they go through daily life with their strange father/son relationship. The story is riveting and I don't want to give away anything. Isaiah Washington plays the part extremely well. This is the type of movie Black folks have to absorb and realize that we all are not the same. This place frustrates quite a few of us. It's worth a look see. Just keep in mind that it's a psychological thriller. John Muhammad and Lee Malvo are a part of our American experience.

BLESS ME ULTIMA

9 out of 10 stars

Mariam Colon, Luke Galalon

This movie is taken from a novel of the same title and deals with trying to maintain indigenous cultural ways. Takes place in New Mexico, where a family invites in an elderly relative, who has Black, magical powers. She takes the young man of the family under her wing to teach him his culture and different ways to survive and help others survive. A nice change of pace movie for

3

people wondering and struggling with traditional values and ways vs. modern values and ways, as the worlds collide. Interesting story! Have your pop corn and nachos ready and your mind open.

BLACK COFFEE

6 stars out of 10

Darrin DeWitt Henson, Gabrielle Dennis, Erica Hubbard, Christian Keyes

This was a kind of Black, romance comedy. A brother is fired from a company his father started and sets off on a trip to self employment and wonderment with his surroundings. It wasn't exactly silly, but it did have some good points. It could be worth a few bucks at Red Box as a filler for a slow night at home. It wasn't exactly a bad movie, but it's not something I highly recommend.

BLACK NATIVITY

8 out of 10 stars

Jacob Latimore, Jennifer Hudson, Forrest Whitaker, Angela Bassett, Tyrese Gibson, Mary J. Blige, Nas

This movie is based on a play by Langston Hughes. It's a kind of seasonal movie, for those with Christmas spirit. A single parent Mother in Baltimore is raising a streetwise young man and can't handle it all by herself. She has to send him to her parents in New York, who she is estranged from. When

the child reaches New York he is started on a strange magical journey, which will change the rest of his life. It's a good movie but some of the characters attitudes do leave a lot to be desired from my view. For a moment it pulled at my heart strings. It's not exactly a memorable movie, but it touched on the general Black condition in the U.S. You have to see it for yourself.

Peace...hope my reviews help you find some good joints, many puff puffs and may your days be light until it's time to get back to work!

UNCLE JESSIE

ON

“SCANDAL”!

UncleJessie@plantation.com

If females and whomever wanna look at Scandal, I have no problem what so ever. I could think of some worse things. It's their lives and their minds the drama is going in to! Scandal is the fastest moving show on television, in the history of television. If you want rape, murder, drama, racism, bigotry, faggotry, infidelity, coveting, whoring, whore mongering, adultery, wife hating, husband hating,

The Nubian Times

assassinations, hypocrites and hypocrisy entering your brain computer on a daily basis, help yourself. You can get all that and more in just one episode. Just remember it ain't real. It's virtual reality.

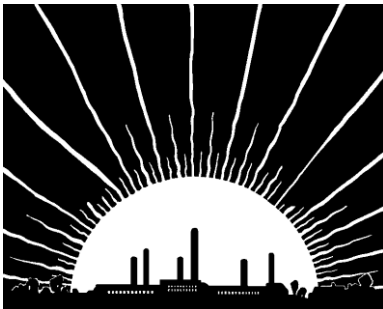

To my knowledge the show hasn't won one dam award, but it should have. The acting is great. The virtual reality is great. The situational drama is great. The advertisers know they have a locked in audience, so none of them are complaining. The network is not complaining. The Black churches are not complaining. A high percentage of Black women are not complaining. The NAACP is not complaining. Even Bill Cosby, Rev. Al, Jessie Jackson, T.D. Jakes and Clarence Thomas are not complaining. Evidently, it's all good.

Just one thing...I realized ain't nobody called any Black person a Nigga yet. I ain't heard no “Nygga Please” yet. As Olivia Pope prances with her thousand dollar weaves and thousands of dollar outfits, she, her Daddy, her Momma, her associates and The White House Players and Dixie rats, have yet to slip up. I think the show is trying to be politically correct. I ain't even seen no butlers, maids, waiters, waitresses or hired help serving coffee or pouring liquor. I wonder if the Actors and Actresses

4

don't see color. I wonder if Fritz and Olivia see color. My virtual reality guess would be that The Mother and The Father both see color, but they just ain't gonna get Jiggy with it. Anyway, I'm a big Scandal fan. The talk on the Streets got me watching when I can. Just waiting for somebody to come out of their mouth the wrong way and start a flash fire. Whatever! Ratings! Lmao!

EUROPEAN FACTS

(SUBURBAN MYTHS?)

Believe it or not!

European psychiatrists have no scientific tests to cure or solve any problems or diseases. What they prescribe tends to create more problems and side effects than they solve.

The Romans were never really Christians and the Greeks never really were democratic. Both societies were built with slaves, as was the American Empire..

The remnants of Nazism in the U.S., South Africa, Australia and Germany are still continuing with medical experiments on Blacks.

All pornography is legal in the United States, except child

pornography, but there are more pedophiles in the United States than the rest of the world put together.

In the entire first Christian century, Jesus is not mentioned by a single Greek or Roman historian, religion scholar, politician, philosopher or poet.

A dog is the Europeans only friend.

European culture demeans Afrikan women. Black women have to be dirty so that European females can be placed on a pedestal.

White people do not share with themselves.

Caucasoid females not only war on Caucasian males, they also war on other females, including other Caucasian females.

The average American income has gone down the past twenty years.

100 million people, under European domination, are on psychiatric drugs.

Resistance to antibiotics is growing in all European strongholds. They have been over prescribed.

Health officials IN European strongholds, especially the U.S., say syphilis has reached its highest levels since the 90's, with the increase about 98% in men. There has been a steady rise of gay and bisexual men catching the disease in European strongholds.

More American children are moving back with their parents and staying in the same room they were kids in.

White people consider Jewish people as colored and Black people as black.

In 31 States in the United States of America, if a woman has a child as a result of rape, her rapist can sue for custody and visitation rights.

The Nubian Times

Caucasoid doctors don't get paid for being humanistic. They need to get paid. They don't tell people how to avoid being cut open. They need to generate revenues for themselves and to keep hospitals open.

Europeans have developed savage societies that develop killers.

Aryans learned writing from people they conquered.

Caucasians comprise just over half of Manhattan, and less than a third of New York City as a whole.

The pharmaceutical industry in the United States and European strongholds, does not create cures, instead they create customers.

The United States killed more people in Iraq than anyone could have accused Saddam of. No weapons of mass destruction were ever found. The killing hasn't stopped.

The United States has a larger percentage of its population in prison than any other nation, and still maintains the highest homicide rate in the industrialized world.

All SPREE KILLERS, MASS KILLERS and SERIAL KILLERS are Europeans. They get high on murder. They bring terror to populated areas. Some have a license to kill.

England is ruled from the White Hall and the United States is ruled from the White House.

BLACK FACTS

All knowledge is rooted in reality

The future of African people around the world is Africa. No matter where they are, their economic future depends on Africa. The Mother Land must be rebuilt.

8

White women nor white men can never head a Black family. Never ever!

To people of color, the English terms faggot and lesbian don't always have anything to do with sex, but always have something to do with weak!

European medicine is not in tune with the metamorphosis that Black people worldwide are going through.

The Earth has 285 religions! All came about as a result of African spirituality and their one-ness with the creative force!

The most important thing that African people have is land and people.

In 1934, in Florida, Claude Neal from Alabama was the last spectacle lynching historians could find in the United States. They sold tickets, it was advertised in papers, announced in churches and White people could catch special trains to see the event.

There is no such thing as darkness when Black people close their eyes.

The main reason that Black people are confused when living under White people's domination: they do not understand White supremacy.

The eye of Heru is closed in those who are of the tribe of Set.

Only 2 percent of Latinos counted in the 2000 census identified themselves as black. Almost half the Latinos responding in the census identified themselves as white. In the Caribbean, while many are considered white, in the United States they are considered Black by most of the inhabitants. Latinos show a strong resistance to racial classifications & categorizations. The class and race issues of the United States can be confusing to people migrating to

the country and even to those born there.

With the color caste system (Varna) in India, the majority of the jobs leaving the United States and going to India are given to the Brahman upper class patrons to disseminate to those lower than them.

Brown Babies are an exclusive but little-known group - children born of the relationships between White English mothers and Black American soldiers stationed in Britain during World War II.

The destiny of Afrikan people is not to be the servants of White people.

40% of the world's population is Afrikan.

Blacks comprise an estimated 10% of the Ecuador population.

Everything that African people create is a reflection of us, unless it is interrupted and re-calibrated.

Africa is 4 times the size of China.

Africa has greater economic potential than the rest of the world put together.

THE GOSPEL ACCORDING TO AFRIKANS

Living in virtual reality is not an option, when you have educators, scholars

The Nubian Times

and good people that connect you to your culture. You don't have to partake in fads and be other people's pawns!

IT'S IMMORAL EVEN IF IT'S LEGAL!

The Gospel According To

Walter L. Williams

“How does something immoral, when done privately, become moral when done collectively? Furthermore, does legality establish morality? Slavery was legal; apartheid is legal; Stalinist, Nazi and Maoist purges were legal. Clearly, the fact of legality does not justify these crimes. Legality, alone, cannot be the talisman of moral people.”

OPPRESSION IS NOT NORMAL

The Gospel According To

Assata Shakur

“People get used to anything. The less you think about your oppression, the more your tolerance for it grows. After awhile, people think oppression is the normal state of things. But to become free, you have to be acutely aware of being a slave.”

DECLARED WAR

The Gospel According To

Assata Shakur

“I have declared war on the rich who prosper on our poverty, the politicians who lie to us with smiling faces and all the mindless, heartless robots who protect them and their property. I am a Black revolutionary, and, as such, I am a victim of all the wrath, hatred and slander that America is capable of”

“Like all other Black revolutionaries, America is trying to lynch me.”

THE MAAFA

The Gospel According To

Dr. Marimba Ani

“Within the setting of our enslavement, the ideology of white supremacy was systematically reinforced by a set of interlocking mechanisms and patterns that functioned to deny the validity of an African humanity.”

INTERNALIZE THE VIEWS OF EXPLOITERS

The Gospel According To

Dr. Asa G. Milliard III

“Africans have begun to internalize the views that exploiters have of us and of our traditions. Many of us have become eager seekers to be educated in alien traditions, without criticism of them. For the past few centuries, the mass education that we receive in Africa and in the Diaspora is rooted largely in Western European education orientation and practice.”

GET TO THE FREQUENCY

The Gospel According To

Dr. Jewel Pookrum

“You’ve been created already to master anything that you put your mind on, but you have to know how to navigate the brain to get to the area that processes that particular type of information, which is a frequency.”

RACISM IS ALIVE AND WELL

The Gospel According To

Shelly Rollison

“Racism is alive and well in the US. Anyone who says that racism

no longer exists in America is a liar. Anyone who says that racism is no longer a problem in America has his/her vision limited by all the sand in his/her eyes. Anyone who seeks to marginalize or minimize the effects of racism in America needs to be closely watched, especially if s/he is someone in charge of setting or making recommendations about public policy or legislation.”

THE RIGHT WAY TO UNITY

The Gospel According To

Hubert Harrison

“To attempt to unite the "intellectuals" at the top is not the same thing as uniting the Negro masses. For, very often the "intellectuals" assume the air of superior beings who are made of finer clay and expect that others will run to seek them out...The way to unity lies through the hearts of the multitude. First set those hearts on fire with a common zeal for a common object, equally desired and equally attained by all in common, and the fire of that common feeling will flame in every lodge, every church, every city and state in the nation...Unselfishness, humility, courage and helpfulness must be the fuel that will go to the kindling of such a flame. But light the fire at the bottom of the pile.”

HEALING POWER

The Gospel According To

Queen Q

“The healing power of a person lies within the person not within the doctor, a pill, or a knife. The healing power of a community lies within the community, not within a ballot box, an executive order, or a referendum.”

OUR STRATEGY

The Gospel According To

The Nubian Times

Arundhati Roy

“Our strategy should be not only to confront empire, but to lay siege to it. To deprive it of oxygen! To shame it! To mock it: with our art, our music, our literature, our stubbornness, our joy, our brilliance, our sheer relentlessness and our ability to tell our own stories. Stories that are different from the ones we’re brainwashed to believe”

THE CORPORATE REVOLUTION

The Gospel According To

Arundhati Roy

“The Corporate Revolution will collapse if we refuse to buy what they are selling – their ideas, their version of history, their wars, their weapons, their notion of inevitability.

Remember this: We be many and they be few. They need us more than we need them. Another world is not only possible, she is on her way. On a quiet day, I can hear her breathing!”

LEGAL MARIJUANA

The Gospel According To

Michelle Alexander

“Here are White men poised to run big marijuana business, dreaming of cashing in big- big money, big business selling weed- after 40 years of impoverished Black kids getting prison time for selling weed, and their families and futures destroyed. Now White men are planning to get rich doing precisely the same thing.”

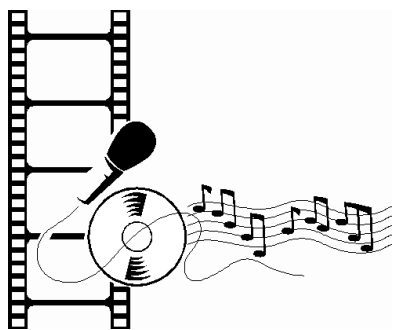

WHO IS BEING FOOLED HERE?

The Gospel According To

Runoko Rashidi

“I would argue that Africans in the Diaspora are taught 24/7, from

cradle to grave, to be anti-African. It is done right here on Facebook. We are taught that Africa is primitive, that Europeans named Africa, that we are not African, that Africans sold us, that African features are unattractive, that Africans don't like us and don't think of us as Africans, that is it better to be anything other than an African. And many of us believe this. We are programmed to believe this. And all of the while Europeans and Asians gobble up Africa--the very thing that we are taught to reject. Who is being fooled here?"

HE BEAT THEM ALL

Muhammad Ali

"Of all the men I have fought-Liston was the scariest; Foreman the most powerful; Patterson the most skillful."

RACE AND RACIST SYSTEM

Chris Rock

"Notice that there is more pressure on Black people to stop talking about "race", than there is for racists to stop being racist. System doesn't want racism to end. It just wants you to stop talking about it."

MAGGOT BRAIN

Funkadelic

Mother Earth is pregnant for the third time
For y'all have knocked her up.
I have tasted the maggots in the mind of the universe

I was not offended
For I knew I had to rise above it all
Or drown in my own shit.

THE MEDIA

The Gospel According To

Malcolm X

"The media is the most powerful entity on earth. They have the power to make the innocent guilty and to make the guilty innocent. They control the minds of the masses."

THERE WAS A TIME

The Gospel According To

Malcolm X

"Don't be in such a hurry to condemn a person because he doesn't do what you do, or think as you think. There was a time when you didn't know what you know today."

ANTHOLOGY ON GANGSTERISM

The Gospel According To

John Burl Smith

"A Diaspora of stolen people trapped an ocean away from their Motherland, maintained in total ignorance and bred like cattle to continue a hideous system long after the world outlawed and abolished it, America denies responsibility for slavery's impact on blacks."

THE LAW

The Gospel According To

Dr. Wade Nobles

"Law of **mis-knowing**- If you don't understand white supremacy, everything else you know or think you know will simply confuse you."

"Law of **non-being**- If you don't exist according to your Afrikan essence, everything that you are

The Nubian Times

will be a diminishment... Be all that you can be...but we never tell them to be Afrikan."

"**Law of un-doing**- The experiences of one generation become the history of the next generation and the history of several generations becomes the traditions of a people... Seven generations of us thinking that we are not Afrikan has become our negative tradition. We must start anew."

WHAT BLACK MEANS

Booty Adams

"In the English language, the word "Black", when referred to as a race of people, is being used as a metaphor. It is not to be taken literally. To people of Afrikan origins, being Black is a psychological state of mind, which they remain in 24/7. Negro in Spanish doesn't fit nor have the exact metaphoric meaning. Some people may be the same literal color, but be of a different kind, due to their mind-set. Black has everything to do with culture. You have to understand what African ancestored means!"

BROKE-A-SEXUAL

VS.

HOMOSEXUAL

RE-submitted by **Uncle Jessie**

A whole lot of the Black people that you think are homosexuals ain't really homosexuals at all. They are "BROKE-A-SEXUALS". They are just Black people that will do anything for money. Some seem to think, that in this economy, it's a slick move. Take Tyler Perry for instance. He was broke and homeless and what did he do. He threw on a wig, a dress, said the magic word Jesus and turned his style into cash money! He is a role model and a lesson for the world to see. Black folks line up and stand in line to see his virtual reality production. Those people raised as Black Christians have the strongest connection to Tyler Perry. In every one of his movies, the magic word "Jesus" is uttered. Now that's a winning combination. A Black male, a wig, a dress, stocking, lip stick and Jesus. To certain Black Christians, it doesn't get any better than that. Their primary role model is a **broke-a-sexual!**

Everybody knows that White culture is loaded with homosexuals and not so much Black culture. White people are down with broke

back cowboys and broke back soldiers! In White culture, that may well be considered the norm, but in Black culture it is not the norm. But...Black folks find themselves in positions where they are broke ass! Many men and women when they are broke ass, will do anything for that money with the big White faces. They will sell their precious bodies, they will steal, rob, lie and they will cheat for a little bit of money! Today, they will run up on anybody that is mentally weak and say that they are down for whatever and that includes men dawning a wig or dress women dawning a male jock strap, male and females playing a homosexual and playing a broke back. They dam sure weren't born that way, but since they need some coins, they will play the part of whatever it takes. Females see other females with money and they get to slinking! Males see other males with money and they get to slinking! They play that game to the best of their ability, until something better comes along. They ain't committed to shyt! If a horse or dog had some money, they'd crawl right up on that horse or dog. They are bi-sexual, tri-sexual, broke backs, bush whackers, flavor grabbers or whatever it takes for them to survive and get paid. They are broke-a-sexuals! They don't worry about culture or nobody else, except themselves. Unity is just something they play with, until they make some moves. They can't graduate from their lower nature.

White homosexuals are in power positions and shot callers with power. A lot of them, especially those that want political power, make more money than a little bit. They've taken control of the AMA and have legitimized themselves for the world to see. Now they want more power, more money and protection from the State. They even threw the word "homophobic" out into virtual reality, to fool the

The Nubian Times

masses for awhile! Most wicked broke backs and switchers don't wanna go public. They need pawns to do their dirty work.

Broke-A-Sexuals aren't usually born with a silver spoon in their mouths. They are struggling and for the most part, don't want anything to do with the media, religion or politics. They play any game for a minute, as long as it comforts them. That's one of the reasons broke-a-sexuals seek refuge in the Black Christian Church. They found something that they can prosper and flourish in, with little if any opposition. They know the Black Church is weak. They know the women in the Black Church are too weak to stop them and can be easily manipulated to feel sorry for them. They know that the power in the Black Church is invisible and only faith based with no substance in this world. I have no idea where this Gender Blender mess is going, but one thing I do know for sure...a **Broke-A-Sexual** is not the same as a Homosexual. One just might be born that way or turned-out; the other is just playing a deadly game!
