

## The Law of Affliction & Recompense

*Posted on February 23rd, 2013 by Jahima*

The Messiah with Peter, James and John were in Jerusalem, it was the Sabbath day. (2) And as they walked along the way a man who could not see; he had been blind from birth. (3) And Peter said Messiah, if disease and imperfection all are caused by sin, who was the sinner in this case? The parents or the man himself? (4) And Yahshua said, Affliction all are partial payment on a debt, or debts, that have been made. (5) There is a law of recompense that never fails, and it is summarized in that true rule of life. (6) Whatsoever man shall do to any other man, some other man will do to him. (7) In this we find the meaning of the Hebrew law, expressed concisely in the words, Tooth for a tooth, life for a life. (8) He who shall injure anyone in thought, or words, or deeds is judged a debtor to the law, and some else shall, likewise, injure him in thought, or words or deeds. (9) And he who shed blood of any man will come upon the time when his blood shall be shed by man. (10) Affliction is a prison cell in which a man must stay until he pays his debts unless a master set him free that he may have a better chance to pay his debt. (11) Affliction is a certain sign that one has debts to pay.' (Italic's are mines). The blind man by birth was healed by Yahshua and then ridiculed, mocked and cast out from the synagogue by the Scribes & Pharisees.

These eleven verses had a profound effect on me as with the whole chapter verses. After all, I could definitely relate to the story as it related to the past and current events of today's present world. Yes, I've cause many of my own suffering through out life, mostly from ignorance or a lack of discipline. However, deep within my spirit was the recompense that something was very wrong and I yearn to know what it was. The trials & tribulation of my life hurt me so to that point that I know this was not the way. I've always said to my inner self there have to be something I'm missing here. As a matter of fact my own pains help build and shape my inner character. I had no idea how these earlier misfortune in my life would prepare me for my adult burdens, the one's I cause and the other problems inflicted outside my control.

Such as the many hardship of unemployment I faced from the so called rat race in since 1998 and trying to build a business for myself. However, the major trouble I'm currently referring to are many such as 911, the war on drug, the war on terrorism. the fascist Obama Administration, GMO, housing ponzi scheme, the bank bailout, massive unemployment, the elimination of the middle class in Amerikka, the Arab spring, the overthrow of Libya, the post-millennial destabilization of Africa resources, domestic mass killings in America by mostly Europeans men, the state & city budget crisis, the post-millennium sex slave trade & wage slave, the fuskashima nuclear catastrophe. chemtrails or geo-engineering affect the environment, Amerikka police state, drone warfare, the Christopher Jordan Dorner execution, the outright stripping of the people rights & privacy, the gun control issue to the resignation of the pope. These are the

afflictions impacting every one on a global & domestic sphere with no relief in sight. Much blood has been spilled and the rich elite & global power brokers have acquired more wealth and have cause much debt among the masses of poor people.

With all this misery in the world, the central banks or the trillion of fiat currency in off shore accounts can not resolve or pay this tremendous debt to our global society. The have not whom are being controlled by the evil elitist whom are bent on controlling everyone lives are in the same prison just on the outside of the call, while we the slaves are trap inside the cell. The afflictions are many, such as government lies, media lies, politician's lies, medical lies, employment lies, environmental lies, economics lies, labor lies, education lies, etc...

Where is the recompense of truth, whom are the divine masters who can set us free from these monstrous breasts whom are satanist in their true nature? How long can we take this evilness, are you sick and tired of being sick and tired. The current system in place does not work its bankrupt debt policies causes more harm than it solves. We are in a very divine period that has clearly shown the global prospective that we are all in an affliction crisis. Death and destruction is all around us, whether you like it or not and the NWO (New World Order) solution will not achieve anything positive expect more destabilizations & control in our lives. There must be a complete and divine overthrow of the current satanic system in place and all global people must be restore in there proper place. It's the only solution to begin to pay a debt that Yahshua has taught us long before his time.

We must stop this out right injury to us and the planet now, and teach recompense to our children now and begin the healing. Like the blind man from birth receiving a healing so that he can begin to pay his debt for a better world, so must you and I. History or our story has taught & shown me the many afflictions since antiquity, much blood has been spilled, when will this stop and the healing of recompense begin. We are not what we claim by religion, politics, job status, education status, economic status or any other status. Human being not race is what we are and we need to embrace it and lay down all these afflictions that we ignorantly claim as our fame.

We are one people, we are humankind, no one is better than any one else. If you think you truly are better than prove your perfection to the world. It still will not give you divine right to rule over others. A free mind will not succumb to death threats or death, similar or familiar to the Christian in the roman coliseum. However, tyrants are nothing but cowards without weak minded individuals to carry out their evil deeds and will cry like a baby when confronted with death. There afraid to see their own blood spilled from their gut and will cry and beg for forgiveness in a new york minute. Think of the wealthy elites with out their fiat currency, silver or gold.

So those whom have been heal & set free by the divine master such as the blind man and have been ridicule by your family, boss & peers. Join the many in the global prospective as myself and begin to put some skin in the game (spiritually speaking) to pay your debt of transgress of the divine law and put the controlling elite and their

constituents in their debt prison of sin until the MOST HIGH decide to set them free. Right now they stand in the way of righteousness globally and can no longer be tolerated in these days and time. This means that the religious-political power seat of the Vatican pope organization must be toppled down (research the historical atrocities aspect of the Vatican and its control on the world geo-political ideology, and then reason it for yourself). Please research the gangsterism of the line of demarcation also know as [Treaty of Tordesillas](#) in the 15th century, where Pope Alexander VI in 1493-1494 divided the world between two great European countries during that time Spain & Portugal.

The global perspective of humanity has suffered much to long the affliction of the few in absolute power. Tyrants have rule & control us for far to long, we must understand the trickery of these demons in the physical sense and do some righteous conscious thinking. It's imperial for us to make progressive changes in our nature and to question of ethics in living this life. All we have is our life and the life must be our willingness to lose for a greater glory, unless you are afraid to die. Is death your mind killer or will the sleeper begin to awaken. Can you bite the hand that feed you or are you afraid for your family sake to stand tall & firm on your feet to be that divine example? John the Baptist lose his head & Yahshua was crucified in the most inhuman way. Yet in still, even in death they left us a great example of what divine righteousness really means.

I challenge the global grassroots people especially the men, it's time young gents & old gents to change our prospective toward our family, wife, men, women, young-men, young-women, boys, girls, children, the environment and planet. We must embrace our righteous humanity and not let the elitist mock, degrade, compromise our dignity, threaten us, corrupt our children, starve us out, instill fear or even torture. We must defend ourselves by any means necessary to protect our family and ourselves. Being self sufficient is a factor amongst many other do-it-yourself concepts we must adopt to gain independence or freedom from the corporate fascist tyrant governments regardless of its false nature be it Democracy (Crazydemon), Communism, Royal Monarchy, Totalitarianisms or any other tyrant government order. Create an alternative currency system or barter system outside the normal money system as a way for your community to thrive economically. Spend quite time with yourself, meditate, use yoga, tai chi or any other metaphysical concept to strengthen your inner body and maintain a healthy nutrition balance meal.

This is how will be able to overthrow our self affliction or instituted affliction with a divine recompense revolution.
