The Globalists

Select Language ▾

The global elite march in four essential columns: **Corporate**, **Academic**, **Political** and Organized **Religion**. In general, the goals for globalism are created by **Corporate**. **Academic** then provides studies and white papers that justify Corporates goals. **Political** sells Academic's arguments to the public and if necessary, changes laws to accommodate and facilitate Corporate in getting what it wants. Organized **Religion** along with church and state secures corporate, academic and political rule into a global order.

Trinity Of Globalist Control:

City of London Corporation – Financial power centre, established in 1067

District of Columbia – Military power centre, established in 1871

Vatican City – Religious power centre, sovereign in 1929

All three are separate states, completely independent of their respective countries.

Key Players of the One World Order

(In order of importance)

1: Lord Jacob de Rothschild. 2: His son Nathaniel. 3: Baron David de Rothschild 4: Sir Evelyn de Rothschild 5: Benjamin de Rothschild 6: David Rockefeller Jr. 7: Henry Kissinger 8: **George Soros** 9: Lloyd Blankfein

The power behind the **Committee of 300** is the Anglo-Jewish cousin-hood that dominate the financial and political systems of the world. This cousin-hood includes the Rothschild, Rockefeller, Oppenheimer, Goldsmid, Mocatta, Montefiore, Sassoon, Warburg, Samuel, Kadoorie, Franklin, Worms, Stern and Cohen families.

“The United States is owned and dominated today by a hierarchy of its sixty richest families, buttressed by no more than ninety families of lesser wealth... These families are the living center of the modern industrial oligarchy which dominates the United States, functioning discreetly under a de jure democratic form of government behind which a de facto government, absolutist and plutocratic in its lineaments, has gradually taken form since the Civil War. This de facto government is actually the government of the United States — informal, invisible, shadowy. It is the government of money in a dollar democracy.” – Ferdinand Lundberg

See more here: [America's 60 Families](#)

These families hold monopolies over the worldwide banking system, entertainment industry, food industry, oil and gas industry, shipping industry, metals and mining industry. Through this domination of the financial markets they pull the strings of every government in the world.

The cousin-hood believes in a form of Babylonian Talmudic Judaism. The Babylonian Talmud and Shulchan Aruch contain the legal code which is the basis of today's Judaism and Jewish law. In fact, Talmudic Judaism is primarily a legal system in a literal sense. It has little to do with religion and is more of an ancient political cult group with many followers who are not openly Jewish. This is why so many Jews openly claim to be Jewish and atheist at the same time.

Sovereigns and Popes, both, usually had one or more Jews as astrologers and advisers, and they frequently gave Jews control over their very life by employing them as physicians. Political power was thus gained by Jews in almost every Gentile nation along with financial power, since Jewish court-bankers manipulated state funds and taxes.

You will find that approximately 90% of people in the world today who call themselves Jews are actually Khazars, or as they like to be known, Ashkenazi Jews.

You are probably aware of the centuries old practice undertaken by many Ashkenazi Jews whereby they would change their name, in order for them to appear part of the dominant race of the country in which they lived, so as they could obtain influential positions in that country, which they would then exploit to serve their real masters elsewhere.

“The Rothschilds are the wonders of modern banking... We see the descendants of Judah, after a persecution of two thousand years, peering above kings, rising higher than emperors, and holding a whole continent in the hollow of their hands. The Rothschilds govern a Christian world. Not a cabinet moves without their advice. They stretch their hand, with equal ease, from Petersburg to Vienna, from Vienna to Paris, from Paris to London, from London to Washington. Baron Rothschild, the head of the house, is the true king of Judah, the prince of the captivity, the Messiah so long looked for by this extraordinary people. He holds the keys of peace or war, blessing or cursing... They are the brokers and counselors of the kings of Europe and of the republican chiefs of America. What more can they desire?” – [Niles Weekly Register, 1835-1836](#)

“Who controls the issuance of money controls the government!” – Nathan Meyer Rothschild

Ownership of the Federal Reserve

“Let me issue and control a nation’s money and I care not who writes the laws.” – Mayer Amschel Rothschild (1744-1812), founder of the House of Rothschild.

“The few who understand the system will either be so interested in its profits or be so dependent upon its favours that there will be no opposition from that class, while on the other hand, the great body of people, mentally incapable of comprehending the tremendous advantage that capital derives from the system, will bear its burdens without complaint, and perhaps without even suspecting that the system is inimical to their interests.” – The Rothschild brothers of London writing to associates in New York, 1863.

“The modern banking system manufactures money out of nothing. The process is perhaps the most astounding piece of sleight of hand that was ever invented. Banking was conceived in inequity and born in sin. Bankers own the Earth. Take it away from them but leave them the power to create money, and with a flick of a pen, they will create enough money to buy it back again. Take this great power away from them and all great fortunes like mine will disappear, for then this would be a better and happier world to live in. But if you want to continue to be the slaves of bankers and pay the cost of your own slavery, then let bankers continue to create money and control credit.” – Sir Josiah Stamp, president of the Rothschild Bank of England and the second richest man in Britain in the 1920s, speaking at the University of Texas in 1927.

“Money is the god of our time, and Rothschild is his prophet,” – Heinrich Heine

“If my sons did not want wars, there would be none.” Gutle Schnaper. – Mayer Amschel Rothschild’s wife.

“History records that the money changers have used every form of abuse, intrigue, deceit, and violent means possible to maintain their control over governments by controlling money and its issuance.” – James Madison

When a government is dependent upon bankers for money, they and not the leaders of the government control the situation, since the hand that gives is above the hand that takes... Money has no motherland; financiers are without patriotism and without decency; their sole object is gain.” – Napoleon Bonaparte, Emperor of France, 1815

“It is well enough that people of the nation do not understand our banking and money system, for if they did, I believe there would be a revolution before tomorrow morning.” – Henry Ford, founder of the Ford Motor Company.

“From now on, depressions will be scientifically created.” – Congressman Charles A. Lindbergh, on the creation of the Federal System. 1913

“The Federal Reserve banks are one of the most corrupt institutions the world has ever seen. There is not a man within the sound of my voice who does not know that this nation is run by the International bankers.” — Congressman Louis T. McFadden (Rep. Pa)

“All problems, depressions, wars, disasters, assassinations – all of them were planned, caused, instigated, and implemented by the international bankers and their attempt to establish a central bank in every country in the world, which they have now done, thanks to corrupt politicians who have been bought and paid for. This is all you need to know about the history of the world.” – Mary Elizabeth Croft

by Eustace Mullins

The Committee of 300 is a product of the British East India Company's Council of 300. The East India Company was chartered by the British royal family in 1600. It made vast fortunes in the opium drug trade with China and became the largest company on earth in its time. Today, through many powerful alliances, the *Committee of 300* rules the world and is the driving force behind the criminal agenda to create a "New World Order", under a "Totalitarian Global Government".

There is no need to use "they" or "the enemy" except as shorthand. We know who "they", the enemy, is. The Committee of 300 with its "aristocracy", its ownership of the U.S. Federal Reserve banking system, insurance companies, giant corporations, foundations, communications networks, presided over by a hierarchy of conspirators-this is the enemy. Secret societies exist by deception.

Each is a hierarchy with an inner circle at the top, who deceives those below with lies, such as claiming a noble agenda; thus, duping them into following a web of compartmentalized complicity. The inner circle of the Committee of 300 is the Order of the Garter, headed by Queen Elizabeth Windsor II. It is interesting to note that the Windsor's changed their name from the Germanic Saxe-Coburg-Gotha during WWI, because of anti-German sentiment.

The enemy is clearly identifiable as the Committee of 300 and its front organizations, such as the Royal Institute for International Affairs (Chatham House), the Club of Rome, NATO, U.N., the Black Nobility, the Tavistock Institute, CFR and all its affiliated organizations, the think tanks and research institutions controlled by Stanford and the Tavistock Institute of Human Relations and last, but certainly not least, the military establishment.

The Committee of 300 is the ultimate secret society made up of an untouchable ruling class, which includes the Queen of the United Kingdom (Elizabeth II), the Queen of the Netherlands, the Queen of Denmark and the royal families of Europe. These aristocrats decided at the death of Queen Victoria, the matriarch of the Venetian Black Guelphs that, in order to gain world-wide control, it would be necessary for its aristocratic members to "go into business" with the non-aristocratic but extremely powerful leaders of corporate business on a global scale, and so the doors to ultimate power were opened to what the Queen of England likes to refer to as "the commoners". Through their illicit banking cartel, they own the stock of the Federal Reserve, which is a private for profit corporation that violates U.S. Constitution and is a root of the problem.

The decadent American families of the unholy partnership, thoroughly corrupted and wallowing in tainted opium money, went on to become what we know today as the Eastern Liberal Establishment. Its members, under the careful guidance and direction of the British Crown, and subsequently, its foreign policy executive arm, the Royal Institute for International Affairs (RIIA), now known as Chatham House, located in England (across St. James's Square from the Astors), ran the United States from top to bottom through their secret upper-level, parallel government, which is tightly meshed with the Committee of 300, the ultimate secret society. That secret, all-powerful government is now more in control of the United States than ever before.

Bilderberg Group

Founded in 1954, the Bilderberg Group holds “by invitation only” annual meetings of the rich and powerful. About two-thirds of the attendees are European, the rest American. Informally named for the site of the group’s first meeting, the Hotel de Bilderberg in Oosterbeek, Netherlands.

The **Bilderberg Group**, **Bilderberg conference**, or **Bilderberg Club** is an annual invitation-only conference of approximately 120 to 140 guests from North America and Western Europe, most of whom are people of influence. About one-third are from government and politics, and two-thirds from finance, industry, labour, education and communications. Meetings are closed to the public.

In the Eye of the **Bilderberg group** and their connections.

The Bilderbergers are so secretive that they even try to hide, until the last minute, the location of their gathering places. Attendance is by invitation only and if an invitee's name is publicly disclosed beforehand, he or she is dis-invited.

In part one of the book **The True Story of the Bilderberg Group**, it states three quotes that will explain what the secrecy is all about.

The Times of London in 1977 called the Bilderbergers “a clique of the richest, economically and politically most powerful and influential men in the Western world, who meet secretly to plan events that later appear just to happen.”

“It is difficult to re-educate people who have been brought up on nationalism to the idea of relinquishing part of their sovereignty to a supranational body.” -Bilderberg Group founder Prince Bernhard of The Netherlands (The late prince has been replaced by his daughter, Queen Beatrix, who regularly attends the Bilderberg meetings.)

Former British Defense Minister Denis Healey, put it this way, “World events do not occur by accident. They are made to happen, whether it is to do with national issues or commerce; and most of them are staged and managed by those who hold the purse strings.”

Every US president since Eisenhower has either belonged to the Bilderberg Group or its older parallel group, the Council on Foreign Relations (CFR), or been approved by them. As Estulin wrote, the race is no contest when you own both horses. That is why no matter which political party is in power nothing really changes other than the packaging. The puppets who drink at the champagne fountains of the powerful do the bidding of their masters. The people are superfluous to the process. Read: **The “REAL STORY” Told With Quotes**

CFR: Council on Foreign Relations

The **Round-Table Group** in the United States became known as the “Council on Foreign Relations”

The CFR is the promotional arm of the Ruling Elite in the United States of America. Most influential politicians, academics and media personalities are members, and it uses its influence to infiltrate the New World Order into American life.

The Council on Foreign Relations (CFR) is also known as Pratt House.

The CFR, which was initially dominated by J.P. Morgan and later by the Rockefellers, and is the most powerful group in America today. It is even more powerful than the federal government, because almost all of the key positions in government are held by its members. In other words, it is the United States government.

Council on Foreign Relations members control both Government agency, and “private-industry” **news sources**. Round Table Group members in different nations control the news sources in their countries. The Council on Foreign Relations propaganda machine manipulates American Citizens to accept the particular climate of opinion the Round Table Groups are seeking to achieve in the world. Council on Foreign Relations members working in an ad hoc committee called the “Special Group” and through a vast intragovernmental undercover infrastructure called the “Secret Team” formulate this opinion in the United States.

The Psychological Strategy Board a.k.a. The Operations Coordination Board a.k.a. The Special Group

On 20 June 1951 Harry S. Truman signed a directive establishing the Psychological Strategy Board. The directive read,

“Directive to:

- The Secretary of State
- The Secretary of Defense
- The Director of Central Intelligence

It is the purpose of this directive to authorize and provide for the more effective planning, coordination and conduct, within the framework of approved national policies, of psychological operations. There is hereby established a Psychological Strategy Board responsible, within the purposes and terms of this directive, for the formulation and promulgation, as guidance to the departments and agencies responsible for psychological operations, of over-all national psychological objectives, policies and programs, and for the coordination and evaluation of the national psychological effort.

The Board will report to the National Security Council on the Board’s activities and on its evaluation of the national psychological operations, including implementation of approved objectives, policies, and programs by the departments and agencies concerned. The Board shall be composed of:

- a. The Undersecretary of State, the Deputy Secretary of Defense, and the Director of Central Intelligence, or, in their absence, their appropriate designees
- b. An appropriate representative of the head of each such other department or agency of the Government as may, from time to time, be determined by the Board

The Board shall designate one of its members as Chairman. A representative of the Joint Chiefs of Staff shall sit with the Board as its principal military adviser in order that the Board may ensure that its objectives, policies and programs shall be related to approved plans for military operations...”

The director and architect of:

- the Psychological Strategy Board was Gordon Gray
- Henry Kissinger was Gray's consultant
- Kissinger was also the paid political consultant to Rockefeller family
- Gray, Kissinger, and Rockefeller were members of the Council on Foreign Relations
- Gray served in the administrations of Truman, Eisenhower, Kennedy, Johnson, Nixon, and Ford
- Gordon Gray was heir to the R. J. Reynolds tobacco fortune and President of the University of North Carolina
- Gray was a broadcast and publication media specialist
- Gray was instrumental in keeping the uniformed electorate uninformed by Eisenhower signed Presidential Executive Order 10483 replacing the Psychological Strategy board with the Operations Coordinating Board

The Operations Coordinating Board was composed of:

- (1) the Under Secretary of State, who shall represent the Secretary of State and shall be the chairman of the Board
- (2) the Deputy Secretary of Defense, shall represent the Secretary of Defense
- (3) the Director of the Foreign Operations Administration
- (4) the Director of Central Intelligence
- (5) a representative of the President to be designated by the President
- (6) the Undersecretary or corresponding official of any Presidential agency that has been assigned responsibilities for implementation of national security policy
- (7) the Special Assistant to the President for National Security Affairs
- (8) the Director of the United States Information Agency

On 19 February 1961, President John F. Kennedy issued a Statement abolishing the Operations Coordinating Board.

No President ever wrote or signed an Executive order establishing the Special Group. No President had a way of abolishing the Special Group. The Special Group was not established by Executive Order, it established itself. This was no accident. This was illegal. When Kennedy killed the Operations Coordinating Board, the Special Group operated as normal without the designated Presidential representative.

The Special Group is alive and well today. It consists of:

- the Secretary of State
- the Secretary of Defense
- the Director of The CIA
- Mossad (Institute for Intelligence and Special Operations), Israel
- none of which are elected officials

The only way to abolish this ad hoc committee is to abolish:

- the Department of Defense
- the Central Intelligence Agency
- the Department of State
- Mossad (Institute for Intelligence and Special Operations), Israel

President Clinton, Secretary of State Warren Christopher, and Director of the CIA John Deutch and his predecessor James Woolsey belong to the Council on Foreign Relations. Les Aspin, Secretary of Defense William Perry's predecessor also belonged to the Council on Foreign Relations.

The Joint Chiefs of Staff have defined psychological operations (PSYOPS) as those that:

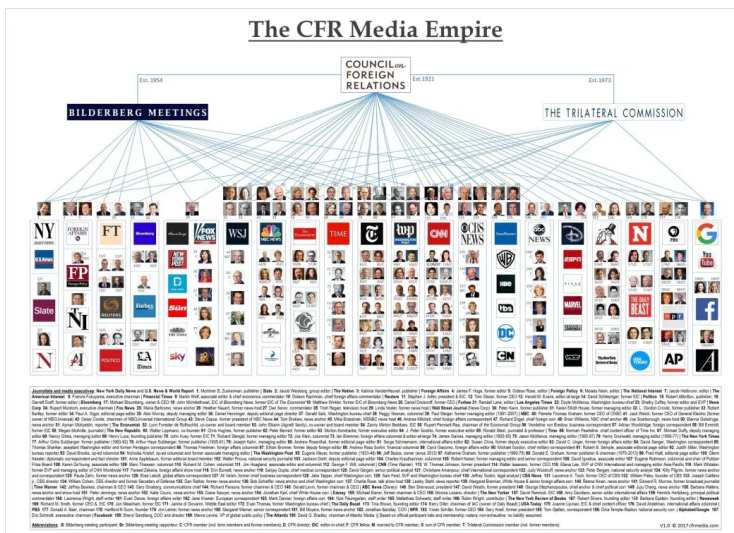

“Include psychological warfare and, in addition, encompass those political, military, economic and ideological actions planned and conducted to create in neutral or friendly foreign groups the emotions, attitudes, or behavior to support achievement of national objectives.” Another proposal “develops the concept of ‘strategic psychological operations’ as aimed at influencing and shaping decision-makers’ power to govern or control their followers.”

Council on Foreign Relations members in:

- the State Department
- the National Security Council
- the Central Intelligence Agency
- the Department of Defense
- Mossad (Institute for Intelligence and Special Operations), Israel

The CFR continues to control the lives of the people through well planned psycho-political operations. These psychological operations rob citizens of the present, by creating false reality worlds. These false reality worlds are created to trick the public into acting not in their own best interest but in the best interest of a group of subtle fascists intent on creating one world order under their control.

6 Corporations Control 90% Of The Media in America

With so many channels to surf through and so much great programming, why can't we find anything to watch? 90% of what we watch, listen to and read is owned by 6 companies. That's a large percentage to just be divided by a factor of six. 30 years ago 90% of media was held by 50 different companies, which is what most people would assume it would be now, but thanks to mergers and buyouts, it's down to 6 major companies (until someone else buys another). The reason we never find anything new on TV is that 70% of what is on cable is owned by the 'Big 6.' That's 1 out of every 5 hours of television.

Mass Communication Now
 This table shows the six most prosperous media conglomerates of 2014. Included is a list of just SOME of the networks they own.

COMCAST	News Corporation	Disney	VIACOM	TIME WARNER	CBS
-NBC -MSNBC -AT&T	-FOX -Wall Street Journal -New York Post	-ABC -ESPN -Pixar -Miramax -Marvel Studios	-MTV -Nick JR. -CMT -Paramount pictures	-CNN -HBO -Time -Warner Bros.	-Showtime -Smithsonian Channel -NFL.com -Jeopardy -60 Minutes

The trend in media ownership is not only towards concentration within countries but also towards the creation of 'global media empires' that include newspapers, television stations, magazines, movie studios and publishing houses that span many nations.

NOTE: So that 6th company is now Comcast. And Time Warner doesn't own AOL. It still shows how much of a monopoly the 'Big 6' is.

Trilateral Commission

The Trilateral Commission was established in 1973. Its founder and primary financial angel was international financier, David Rockefeller, longtime chairman of the Rockefeller family-controlled Chase Manhattan Bank and undisputed overlord of his family's global corporate empire.

Rockefeller's idea for establishing the commission emerged after he had read a book entitled *Between Two Ages* written by an Establishment scholar, Prof. Zbigniew Brzezinski of Columbia University.

In his book Brzezinski proposed a vast alliance between North America, Western Europe and Japan. According to Brzezinski, changes in the modern world required it.

"Resist as it might," Brzezinski wrote elsewhere, "the American system is compelled gradually to accommodate itself to this emerging international context, with the U.S. government called upon to negotiate, to guarantee, and, to some extent, to protect the various arrangements that have been contrived even by private business."

In other words, it was necessary for the international upper class to band together to protect its interests, and to ensure, in the developed nations, that political leaders were brought to power who would ensure that the global financial interests (of the Rockefellers and the other ruling elites) would be protected over those of the hoi polloi.

Pocantico Hills Confabs

Although the initial arrangements for the commission were laid out in a series of meetings held at the Rockefeller's famous Pocantico Hills estate outside New York City, Rockefeller first introduced the idea of the commission at an annual meeting of the Bilderberg group, this one

held in Knokke, Belgium in the spring of 1972.

The Bilderberg group is similar to the Trilateral Commission in that it is funded and heavily influenced by the Rockefeller empire, and composed of international financiers, industrialists, media magnates, union bosses, academics and political figures.

However, the much older Bilderberg group's membership is strictly limited to participants from the United States, Canada and Western Europe: i.e. the NATO alliance.

The Trilateral Commission was unique, though, in that it brought the Japanese ruling elite into the inner councils of the global power brokers, a recognition of Japan's growing influence in the world economic and political arena.

Ruling Classes Unite

“The Commission's purpose is to engineer an enduring partnership among the ruling classes of North America, Western Europe and Japan — hence the term 'Trilateral' — in order to safeguard the interests of Western capitalism in an explosive world. The private commission is attempting to mold public policy and construct a framework for international stability in the coming decades.

“To put it simply, Trilateralists are saying: The people, governments and economies of all nations must serve the needs of multinational banks and corporations.

“In short, Trilateralism is the current attempt by ruling elites to manage both dependence and democracy — at home and abroad.”

Another Trilateral critic, now-retired Sen. Barry Goldwater (R-Ariz.), views the commission as a Rockefeller family operation through and through. According to Goldwater:

“The Trilateral organization created by David Rockefeller was a surrogate — the members selected by Rockefeller, its purposes defined by Rockefeller, its funding supplied by Rockefeller. David Rockefeller screened and selected every individual who was invited to participate.”

Picking Policymakers

David Rockefeller and Brzezinski then began the process of selecting from among the “Trilateral” nations the several hundred elite power brokers who would be permitted to join in Trilateral policymaking in the coming years.

One of the commission's primary goals was to place a Trilateral-influenced president in the White House in 1976, and to achieve that goal it was necessary to groom an appropriate candidate who would be willing to cooperate with Trilateral aims.

Rockefeller and Brzezinski selected a handful of well-known liberal Democrats and a scattering of Republicans (primarily of the liberal-internationalist bent) to serve on the commission.

And in an effort to give regional balance to the commission Rockefeller invited the then-obscure one-term Democratic governor of Georgia, Jimmy Carter, to join the commission.

Rockefeller Center South

Rockefeller had longtime ties to the local Atlanta political and economic Establishment. In fact, much of Rockefeller's personal investment portfolio is in Atlanta real estate. (According to David Horowitz, co-author of *The Rockefellers*, “Atlanta is Rockefeller Center South.”)

And Rockefeller himself had once even invited Carter to dine with him at the Chase Manhattan Bank several years before, as early as 1971, the year Carter began serving as governor.

Carter very definitely impressed Rockefeller and Brzezinski, more so than another Southern Democrat, Florida Gov. Reuben Askew, also selected to serve on the commission and viewed, like Carter, as a possible Trilateral candidate.

In fact, according to Brzezinski,

“It was a close thing between Carter and Askew, but we were impressed that Carter had opened up trade offices for the state of Georgia in Brussels and Tokyo. That seemed to fit perfectly into the concept of the Trilateral.”

Carter, in fact, like Askew, did announce for the 1976 Democratic presidential nomination, but because of Rockefeller's interest, Carter had the inside shot.

So much so that in a speech at the commission's first annual meeting in Kyoto, Japan in May of 1975, Rockefeller's man Brzezinski promoted the then-still obscure Carter to his fellow Trilateralists as an ideal presidential candidate.

Cut and Dried

From that point on, it was all cut and dried. According to Goldwater:

"Rockefeller and Brzezinski found Carter to be their ideal candidate. They helped him win the Democratic nomination and the presidency.

"To accomplish this purpose they mobilized the money-power of the Wall Street bankers, the intellectual influence of the academic community — which is subservient to the wealth of the great tax-free foundations — and the media controllers represented in the membership of the CFR and the Trilateralists."

The aforementioned Council on Foreign Relations — is another Rockefeller-financed foreign policy pressure group similar to the Trilateralists and the Bilderberg group, although the CFR is composed solely of American citizens.

In his book *The Carter Presidency and Beyond*, published in 1980 by the Ramparts Press, Prof. Laurence H. Shoup devotes an entire chapter to demonstrating how the Trilateral-linked and Trilateral-controlled Establishment media promoted the presidential candidacy in 1976 of the then-obscure Georgia Gov. Jimmy Carter.

Carter, of course, campaigned as a "populist" — as a "man of the people" — as an "outsider" with no ties to the Establishment. The fact is, however, Carter, who said he'd never lie, was an elitist, an insider, the Trilateral Commission's "man on the white horse."

And with the power of the commission and the Rockefeller empire and its media influence behind him, Carter made his way to the presidency, establishing the first full-fledged Trilateral administration, appointing numerous Trilateralists to key policy-making positions and carrying out the Trilateral agenda to the hilt.

David Rockefeller's book 'Memoirs' admits secretly conspiring for a World Government

In David Rockefeller's book 'Memoirs' he admits he is part of a secret cabal working to destroy the United States and create a new world order. Here is the direct quote from his book, pg 405:

"Some even believe we [Rockefeller family] are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure – One World, if you will. If that's the charge, I stand guilty, and I am proud of it." –David Rockefeller

"We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the work is now much more sophisticated and prepared to march towards a World Government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries" –David Rockefeller to Trilateral Commission in 1991

“For we are opposed, around the world, by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence; in infiltration instead of invasion; on subversion instead of elections, on intimidation instead of free choice; on guerillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific, and political operations. Its preparations are concealed not published. Its mistakes are buried, not headlined, its dissenters are silenced, not praised; no expenditure is questioned, no rumor is printed, no secret is revealed.” – John F.
