An article by American journalist and lawyer James B. Stewart—published

some time ago—recounts a meeting with Jeffrey Epstein at his massive Manhattan residence.

Epstein, who "committed suicide" in prison in 2019 before facing trial for sex-related offenses,

had revealed secrets to Stewart regarding his relationships with world leaders—including Saudi Crown Prince Mohammed bin Salman,

who had visited the residence on several occasions—as evidenced by confidential documents he had personally handed over.

Stewart claims that Epstein held significant blackmail power over Mohammed bin Salman, his mentor Mohammed bin Zayed,

and numerous other international leaders and wealthy figures, effectively holding them "by the balls" and blackmailing them.

Consequently, the two "Mohammeds" allegedly asked former US 🐷 Donald Trump to have Epstein eliminated while he was in prison, in exchange for billions of dollars;

a plan that was reportedly carried out, according to information leaked by a former high-ranking FBI official.

A year before his "suspicious suicide" in a New York jail cell, Epstein had boasted about his ties to powerful Saudi leaders, including Crown Prince Mohammed bin Salman.

He confided in me that Bin Salman had visited him multiple times at his residence and that his "little black book" contained the names of other members of the Saudi royal family—such as Salman bin Abdulaziz and Bandar bin Sultan—

- for whom he provided "sex in all its sadomasochistic forms," according to American journalist Stewart.

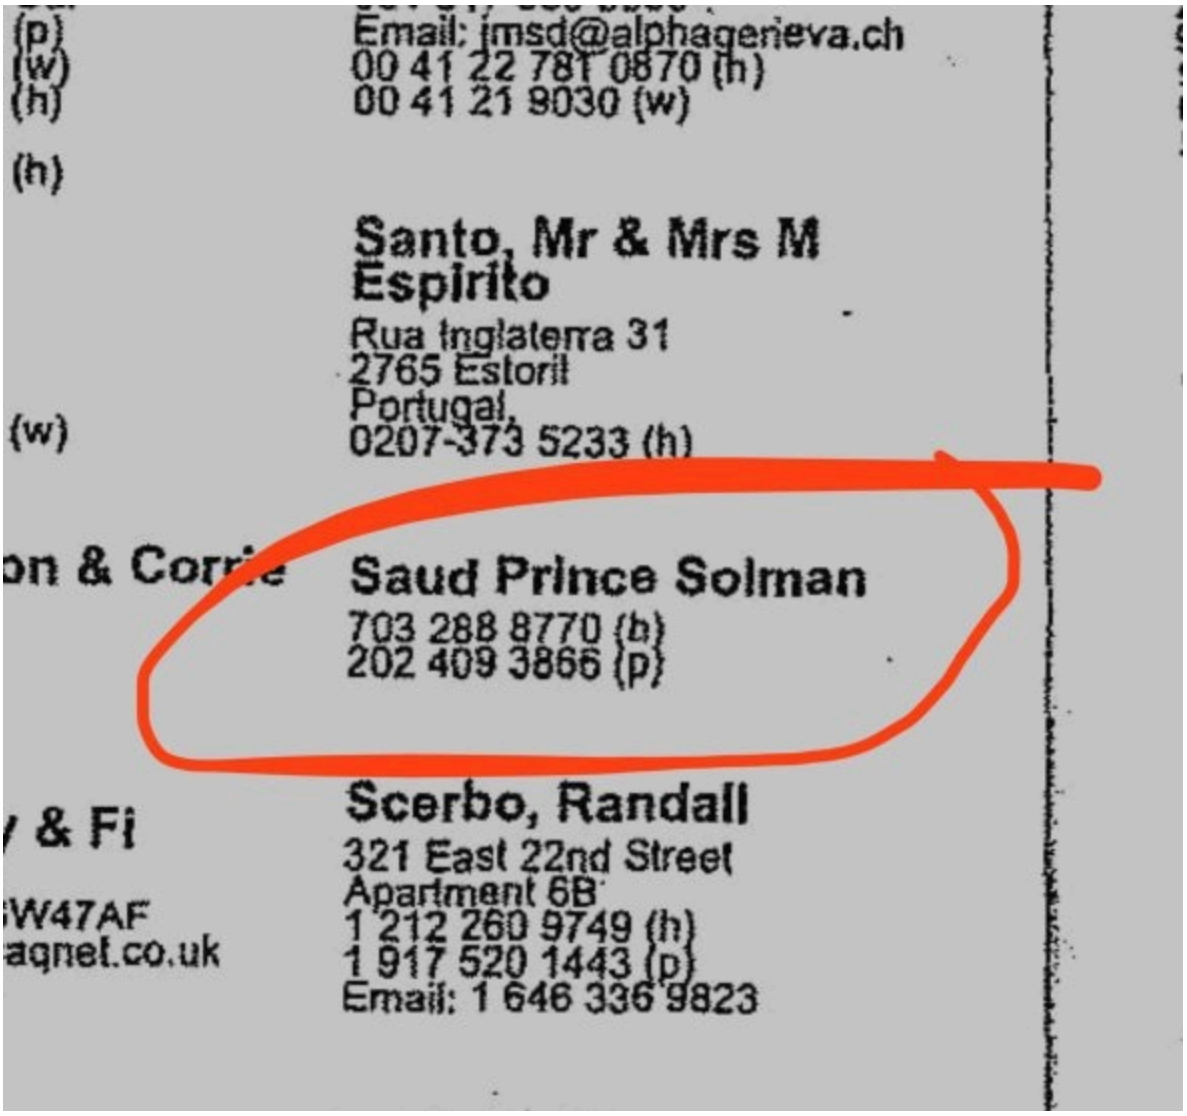

He added that Epstein possessed photographs proving this,

showing images of Mohammed bin Salman inside his residence and claiming to know a great deal about these individuals—specifically the two "Mohammeds"—regarding their sexual proclivities and drug use:

details that were both compromising and embarrassing for them.

That is why he was eliminated, allowing many men and women from the House of Saud and the House of Nahyan to breathe a sigh of relief. In a related development,

the British newspaper The Sun revealed that the American billionaire—known for sexually abusing minors and providing sexual services to gay men—had cultivated relationships with the global wealthy elite,
