THIS IS THE GREATEST SCAM IN THE HISTORY OF THE UNIVERSE!!

The Federal Reserve Bank only creates the Principal - not the usury or interest that it lends to the U.S. government. Therefore the usury can NEVER be repaid and the end result is foreclosure and bankruptcy.

In 1765, the Bank of England demanded that the American Colonies pay taxes in British specie or coins which the people did not possess. If they had borrowed from the Bank of England to pay the tax, the end result would have been the same: foreclosure and bankruptcy with the Bank owning everything!!

The "Federal" Reserve Bank loans the U.S. government their own "money" at usury or interest!!

The perfect monetary system of free coinage of silver and gold was destroyed in 1873.....

WHERE THERE'S WAR THERE'S MONEY

War uses up more materials more quickly than most anything else on earth.

In war expensive equipment doesn't wear out slowly, it gets blown up. (It's interesting to note that during the 119 year period from the founding of the Bank of England to Napoleon's defeat at Waterloo, England had been at war for 56 years, while the rest of the time preparing for it. In the process the money changers had been getting rich.)

So there it was, the newly formed Federal Reserve poised to produce any money the U.S. Government might need from thin air with each dollar standing to make a healthy interest. Same with Iraq War!

On June 10, 1932, Louis T. McFadden, chair of the House Banking and Currency Committee, said in an address to the Congress: "We have in this country one of the most corrupt institutions the world has ever known. I refer to the Federal Reserve Board and the Federal

Reserve Banks Two attempts were made to take Mr. McFadden's life, including an attempted poisoning at a Congressional cafeteria. He passed away in 1935 under circumstances which many still contend are suspicious

The Bankruptcy of the United States

http://www.apfn.net/DOC-100_bankruptcy.htm

A Federal Reserve Note is a debt obligation of the federal United States government, not "money?" The federal United States government and the U.S. Congress were not and have never been authorized by the Constitution for the united states of America to issue currency of any kind, but only lawful money, -gold and silver coin.

http://www.apfn.net/DOC-100_bankruptcy.htm

America's Total Debt Report

\$ 40 Trillion - - and soaring

<http://mwhodges.home.att.net/nat-debt/debt-nat.htm>

The FED creates money from nothing, and loans it back to us through banks, and charges interest on our currency. The FED also buys Government debt with money printed on a printing press and charges U.S. taxpayers interest.....

Government debt ("public debt", "national debt") is money owed by government, at any level (central government or federal government, municipal government, local government).

As the government represents the people, government debt can be seen as an indirect debt of the tax payers.

A PRESIDENTIAL EXECUTIVE ORDER IS LAW:

<http://www.apfn.org/money/law.htm>

FEDERAL RESERVE ~ THE ENEMY OF AMERICA

Federal Reserve It is not federal, and it does not have any reserves.

Charles A. Lindbergh, Sr. 1913 - "When the President signs this bill, the invisible government of the monetary power will be legalized....the worst legislative crime of the ages is perpetrated by this banking and currency bill."

<http://www.apfn.org/apfn/reserve2.htm>

ANDREW JACKSON (1828 - 1836)

When the American congress voted to renew the charter of The Second Bank of The United States, Jackson responded by using his veto to prevent the renewal bill from passing. His response gives us an interesting insight. "It is not our own citizens only who are to receive the bounty of our government. More than eight millions of the stock of this bank are held by foreigners... is there no danger to our liberty and independence in a bank that in its nature has so little to bind it to our country?... Controlling our currency, receiving our public moneys, and holding thousands of our citizens in dependence... would be more formidable and dangerous than a military power of the enemy. If government would confine itself to equal protection, and, as Heaven does its rains, shower its favour alike on the high and the low, the rich and the poor, it would be an unqualified blessing. In the act before me there seems to be a wide and unnecessary departure from these just principles."

How U.S. Gold Reserves Were Stolen

In July, 1927, the directors of the Bank of England [Montagu Norman], the New York Federal Reserve Bank [Benjamin Strong], and the German Reichsbank [Hjalmar Schacht], met to plan a way to get the gold moved out of the United States, and it was this movement of gold which helped trigger the depression. By 1928, nearly \$500 million in gold was transferred to Europe.

<http://www.apfn.org/apfn/reserve2.htm>

The real owners of the Federal Reserve and the Federal Reserve System are:

- a) Rothschild Banks of London and Berlin;
- b) Lazard Brothers Bank of Paris;
- c) Israel Moses Seif Banks of Italy;
- d) Warburg Bank of Hamburg and Amsterdam;
- e) Lehman Brothers Bank of New York;
- f) Kuhn, Loeb Bank of New York;
- g) Chase Manhattan Bank of New York;
- h) Goldman Sachs Bank of New York; and
- i) Approximately three hundred people, known to each other and/or relations of the "owners," who hold stock in the Federal Reserve System. They comprise an interlocking, International Banking Cartel of wealth beyond comprehension.

he Federal Reserve meet behind closed doors and has more power than the Congress and President of the United States; and to top that off, these men who control America through their financial manipulation are not even responsible to the public nor to Congress and has repeatedly shown that it is under the control of the International Jewish Bankers, by raising the discount rate (a deliberate act to destroy small business) they have been able to bring about the depressions which have devastated the American Farmer and Ranchers since the time this Evil Satanic Act was passed.

<http://100777.com/doc/17>

President Kennedy opposed the "Federal" Reserve Bank.

President Kennedy opposed the corrupt "Federal" Reserve System in 1963 and it cost him his life.

Like Lincoln, President Kennedy opposed the banksters and it cost him his life. On June 4, 1963, a little known attempt was made to strip the Federal Reserve Bank of its power to loan money to the government at interest. On that day President John F. Kennedy signed Executive Order No. 11110 that returned to the U.S. government the power to issue currency, without going through the Federal Reserve. Mr. Kennedy's order gave the Treasury the power "to issue silver certificates against any silver bullion, silver, or standard silver dollars in the Treasury." This meant that for every ounce of silver in the U.S. Treasury's vault, the government could introduce new money into circulation. In all, Kennedy brought nearly \$4.3 billion in U.S. notes into circulation. The ramifications of this bill are enormous.

Soon after President Kennedy's assassination, Jesuit President Johnson debased the coinage by removing ALL the silver from the silver coins and shipping it off to Switzerland.

NAPOLEON (1803 - 1825)

He didn't trust the bank saying:

"When a government is dependent upon bankers for money, they and not the leaders of the government control the situation, since the hand that gives is above the hand that takes... Money has no motherland; financiers are without patriotism and without decency; their sole object is gain."

The Federal Reserve

By THOMAS D. SCHAUF, CPA

http://www.apfn.org/money/federal_reserve.htm

How the "Bank" of Rome creates Federal Reserve Notes out of nothing!!

Step 1 - Fiat "money" creation begins when the "Bank" of Rome decides that the U.S. is ready for another bite from that old serpent the Devil. They instruct their American branch —the Federal Reserve Bank — to order Congress to raise the debt limit by \$1 billion.

Step 2 - Congress obeys the "Federal" Reserve Bank and instructs the U.S. Treasury to print \$1 billion interest bearing bonds and sell them to the Federal Reserve Bank of New York.

Step 3 - The U.S. Treasury prints the \$1 billion interest bearing bonds and sells

them to the Federal Reserve Bank!! As security or collateral they offer the INCOME TAX collected from the taxpayers. The U.S. Treasury prints only the Principal . . . not the usury or interest.

Step 4 - The "Federal" Reserve or the Fed buys the usury bearing bonds and credits the U.S. Treasury for \$1 billion. The government must now pay back the bonds with INTEREST. As the interest was not created, it can NEVER be repaid with "Federal" Reserve Dollars!!

In a closed monetary system like the U.S., only "Federal" Reserve Notes are legal tender to pay back the bonds. Gold and silver are REAL money and could be used to repay the debt but they are stored in Switzerland and credited to the account of the "Bank" of Rome.

Since the Treasury only printed the PRINCIPAL —not the usury or interest—the money can NEVER be repaid.... The end result is bankruptcy and foreclosure for the government. This is the very same scam that the Bank of England tried to impose on the Colonies when they made specie or coin the only means to repay the king's tax.

This is a must see film and I urge you to take advantage of this opportunity. Best, Leonard
